Emprende con Popular

Tools for every stage of **your business**

Emprende con Popular helps entrepreneurs like you find Popular products and services that can contribute to your businesses' growth. It also provides access to support organizations that offer educational and development programs for entrepreneurs.

The following stages of entrepreneurship will help you identify the stage your business is currently in.

Entrepreneurship Stages

POTENTIAL:
You have an idea and want to make it a reality. You want to start a business and need assistance with the ideation, planning, and development of your business project.

NASCENT:
You have already started your business and are looking for financial support and mentorship to get it going during the next 12 months.

NEW:
Your business has started generating revenues and has been in operation for less than 3 years. You need specialized mentoring, executing or modifying your business plan, and capital.

ESTABLISHED:
Your business has been established for more than 3 and a half years, has a steady stream of customers and a good reputation. The next step is to expand and grow the operation.
