## INSTITUTION'S CRA RATING

### ***INSTITUTION'S CRA RATING: SATISFACTORY***

*The following table indicates the performance level of Banco Popular de Puerto Rico with respect to the lending, investment, and service tests.*

#### **PERFORMANCE TEST RATINGS TABLE**

PERFORMANCE LEVELS	BANCO POPULAR DE PUERTO RICO		
	PERFORMANCE TESTS		
	Lending Test*	Investment Test	Service Test
Outstanding			
High Satisfactory	X	X	X
Low Satisfactory			
Needs to Improve			
Substantial Noncompliance			

\* The lending test is weighted more heavily than the investment and service tests in determining the overall rating.

### **Summary of Major Factors Supporting Ratings**

The major factors supporting the institution's rating follow:

#### **Lending Test:**

- Lending levels reflected good responsiveness to assessment area credit needs.
- A substantial majority of loans were made in the bank's assessment area.
- The geographic distribution of loans reflected adequate penetration throughout the assessment area.
- The distribution of borrowers reflected, given the product lines offered, adequate penetration among customers of different income levels and businesses of different sizes.

- Exhibited an adequate record of serving the credit needs of low-income individuals and areas and very small businesses.
- Made a relatively high level of community development loans.
- Made use of innovative and/or flexible lending practices in serving assessment area credit needs.

Investment Test:

- Made a significant level of qualified community development investments and grants, particularly those not routinely provided by private investors, occasionally in a leadership position.
- Made significant use of innovative and/or complex investments to support community development initiatives.
- Exhibited adequate responsiveness to credit and community development needs.

Service Test:

- Delivery systems were readily accessible to the bank's geographies and individuals of different income levels in its assessment area.
- Record of opening and closing of branches did not adversely affect the accessibility of its delivery systems, particularly to low- and moderate-income ("LMI") geographies and/or LMI individuals.
- Services were tailored to convenience and needs of its assessment area, particularly LMI geographies and/or LMI individuals.
- Provided a relatively high level of community development services.

# INSTITUTION

## DESCRIPTION OF INSTITUTION

Banco Popular de Puerto Rico (“Banco Popular”, “BPPR”, or “the bank”) is a full-service commercial bank headquartered in San Juan, Puerto Rico. Banco Popular is primarily engaged in retail and commercial banking services, including automobile and equipment financing, investment banking, and broker-dealer and insurance services through specialized subsidiaries. All products and services are offered through Banco Popular’s 167 branch network and alternative delivery channels, such as by telephone, internet, or through automated teller machines (“ATMs”). BPPR is a publicly traded, wholly-owned subsidiary of Popular Inc., a multi-regional diversified financial holding company with \$64.2 billion in combined total assets as of December 31, 2021.

During the review period, BPPR was the leading financial institution in the Commonwealth of Puerto Rico (“Puerto Rico”, “PR”, or “the Commonwealth”), ranking first in deposit market share, small business lending, home purchase, refinance, and home improvement lending. BPPR operated 159 retail branches in its Puerto Rico assessment area and eight branches in the U.S. Virgin Islands (“USVI”) assessment area. Major competitors included Citibank N.A., FirstBank, Oriental Bank, Sun West Mortgage Company, Inc., and Banco Santander PR.

Based on the December 31, 2021 FFIEC Consolidated Report of Condition and Income ("Call Report"), Banco Popular’s loan portfolio by dollar volume consisted of a mix of residential real estate and commercial loans as summarized in the following table:

Loan Type	Total Loans	% of Total
1-4 Residential Real Estate Secured	\$6,360,000,000	41.7%
Construction	\$197,000,000	1.3%

HELOCs	\$4,000,000	0.0%
Consumer	\$2,150,000,000	14.1%
Agriculture	\$36,000,000	0.2%
Commercial & Industrial	\$2,185,000,000	14.3%
Nonfarm Nonresidential Secured	\$3,682,000,000	24.2%
Other	\$452,000,000	3.0%
<b>Total</b>	<b>\$15,235,000,000</b>	<b>100.0%</b>
<i>*Data as of December 31, 2021</i>		

Based on the December 31, 2021 Uniform Bank Performance Report ("UBPR"), Banco Popular’s deposit portfolio by dollar volume was comprised primarily of demand deposits and NOW and ATS accounts, as summarized in the following table:

Deposit Type	Total Deposits	% of Total
Demand Deposits	\$24,034,000,000	40.5%
All NOW and ATS Accounts	\$13,852,000,000	23.3%
Money Market Deposit Accounts	\$1,087,000,000	1.8%
Other Savings Deposits	\$14,436,000,000	24.3%
Time Deposits at or below Insurance Limit	\$3,110,000,000	5.2%
Time Deposits Above Insurance Limit	\$2,628,000,000	4.4%
Brokered Deposits	\$220,000,000	0.4%
<b>Total</b>	<b>\$59,367,000,000</b>	<b>100.0%</b>
<i>*Data as of December 31, 2021</i>		

## DESCRIPTION OF ASSESSMENT AREA

Banco Popular’s assessment areas included all of Puerto Rico and the U.S. Virgin Islands. Within Puerto Rico, the assessment areas included eight Metropolitan Statistical Area (“MSA”) assessment areas and one non-metropolitan (“non-metro”) assessment area. In the USVI, the assessment area consisted of one non-metro assessment area. While BPPR did not change the delineation of its assessment areas from the last CRA examination, in September 2018, the Office of Management and Budget (“OMB”) adjusted three MSAs that comprise three of the bank’s assessment areas.<sup>1</sup> The adjustments resulted in the reassignment of the previously non-metro municipios<sup>2</sup> of Las Marías and Adjuntas to MSA 32420 and MSA 38660, respectively, and the reassignment of the municipios of Guánica, Guayanilla, Peñuelas, and Yauco from MSA 38660 to the newly created MSA 49500. Consequently, while the bank did not change its assessment area delineation in 2019 or 2020, four of the bank’s assessment areas reflected the new OMB geographic delineations. The assessment areas (“AA(s)”) were as follows:

### Commonwealth of Puerto Rico

- MSA 41980 (San Juan-Bayamón-Caguas, PR)<sup>3</sup>
- MSA 10380 (Aguadilla-Isabela, PR)
- MSA 38660 (Ponce, PR)
- MSA 11640 (Arecibo, PR)
- MSA 25020 (Guayama, PR)
- MSA 32420 (Mayagüez, PR)
- MSA 41900 (San Germán, PR)
- MSA 49500 (Yauco, PR)
- Non-Metro, PR (Municipios of Coamo, Culebra, Jayuya, Maricao, Salinas, Santa Isabel, and Vieques.)

<sup>1</sup> [OMB BULLETIN NO. 18-04 - Revised Delineations of MSAs \(9-14-2018\)](#)

<sup>2</sup> Counties are referred to interchangeably throughout as “county(ies)” or “municipio(s)”.

<sup>3</sup> In September 2018, the OMB changed the full name of MSA 41980 from San Juan-Carolina-Caguas, PR to San Juan-Bayamón-Caguas, PR.

### **U.S. Virgin Islands**

- U.S. Virgin Islands: (Islands of St. Thomas, St. Croix and St. John)

Full scope assessment areas within Puerto Rico included: MSA 41980 (San Juan-Bayamón-Caguas, PR), MSA 10380 (Aguadilla-Isabela, PR), and MSA 38660 (Ponce, PR). The remaining assessment areas were evaluated as limited scope reviews due to limited lending and deposit market share and included: MSA 11640 (Arecibo, PR), MSA 25020 (Guayama, PR), MSA 32420 (Mayagüez, PR), MSA 41900 (San Germán, PR), MSA 49500 (Yauco, PR) and the non-metro, PR assessment area.

The USVI assessment area was given full scope review since this was the only assessment area in the territory.

Banco Popular's assessment areas were in compliance with the requirements of Section 228.41 of Regulation BB and did not arbitrarily exclude any LMI geographies. There were no financial or legal factors that would prevent the bank from fulfilling its responsibilities under CRA.

### **Previous Performance Evaluation**

Banco Popular received an "Outstanding" rating as a result of the January 13, 2020 performance evaluation by the Federal Reserve Bank of New York. The lending test was rated "Outstanding," the investment test was rated "Low Satisfactory," and the service test was rated "Outstanding."

## **SCOPE OF EXAMINATION**

### **Procedures**

BPPR's CRA performance was evaluated using the Federal Financial Institutions Examination Council's ("FFIEC") Interagency CRA Procedures for Large Retail Financial Institutions, which consists of the lending, investment, and service tests. The evaluation considered the CRA performance context, including the bank's asset size, financial condition, market competition, assessment area demographics and credit and community development needs.

### **Products**

Home purchase, refinance, and home improvement loans reportable under the Home Mortgage Disclosure Act ("HMDA") and small business and small farm loans reportable under CRA were analyzed for overall lending activity. However, small farm lending in the USVI was insufficient to analyze and HMDA loans were insufficient to analyze separately by product. Examiners verified the integrity of a sample of 2019 and 2020 HMDA and small business loans reported by BPPR.

### **Evaluation Period**

Home mortgage, refinance, home improvement<sup>4</sup>, small farm, and small business loans originated or purchased between January 1, 2019 and December 31, 2020 were verified and analyzed. Examiners also reviewed community development loans, qualified investments, philanthropic grants, and community development services from July 1, 2019 through March 31, 2022.

### **Lending Analysis**

Under the lending test, borrower and geographic distribution analyses were based on loans made in BPPR's assessment areas. BPPR's performance in 2019 and 2020 was compared to the U.S. Department of Commerce's Bureau of the Census 2015 American Community Survey ("2015 ACS") demographic data.

To evaluate the geographic distribution, the proportion of home purchase, refinance, and home improvement loan originations located in low- and moderate-income ("LMI") geographies was compared to the proportion of owner-occupied housing units located in LMI geographies of the assessment area. For small business loans, the analysis compared the proportion of loan originations located in LMI geographies with the proportion of businesses located in LMI geographies, based on Dun & Bradstreet ("D&B") data. Performance in low-income and in moderate-income geographies were analyzed separately.

To analyze the distribution of home purchase, refinance, and home improvement lending by borrower characteristics, the proportion of originations to LMI borrowers was compared to the proportion of LMI families residing in the assessment area. Median family income ("MFI") estimates from the FFIEC were used to categorize borrower income. For small business lending, BPPR's proportion of loans to businesses with gross annual revenues ("GAR") of \$1 million or less, based on D&B data, were compared to the proportion of all such businesses located in the assessment area. The size of the small business loans was also used as a proxy to identify lending to businesses with GAR of \$1 million or less.

Demographic and economic information was also considered. Information was obtained from publicly available sources including the 2015 ACS, the U.S. Department of Labor ("DOL"), FFIEC, and U.S. Department of Housing and Urban Development ("HUD"). USVI demographic and economic sources also included the USVI Bureau of Economic Research and USVI Bureau of Labor Statistics.

Borrower profile and geographic distribution analyses were also based on BPPR's 2019 and 2020 performance, which was compared, respectively, to 2019 and 2020 performance data for the aggregate of all loan reporters in the bank's assessment areas. Aggregate lenders included all lenders required to report HMDA-reportable and CRA small business lending data within the assessment areas, except for the USVI assessment area, as market aggregate data for HMDA lending were not available. For retail services, BPPR's branch distribution analysis was conducted using data as of December 31, 2021.

Only loans inside the assessment areas were included in the analysis of geographic and borrower distribution. Before reaching a conclusion about the bank's overall performance regarding geographic distribution and borrower characteristics in each assessment area, examiners gave greater weight to certain loan products. In each assessment area, a product's volume compared to total retail lending volume determined the weight of a product's performance in the overall conclusion. Multifamily loans were not analyzed for geographic and borrower loan distribution in any assessment area as the volume was

---

<sup>4</sup> Home mortgage, refinance, and home improvement loans are referred to as "HMDA-related" loans throughout the performance evaluation.

insufficient; however, multifamily loans were considered in the evaluation of assessment area concentration and community development lending.

### **Community Development Activity Analysis**

Community development activities were reviewed to determine whether the activities had community development as a primary purpose and whether the community development activities benefitted the assessment area. The eligibility of a loan, investment, or service as a community development activity was based on demographic information available to the bank at the time the community development activity was undertaken.

In addition, Puerto Rico and the US Virgin Islands were originally designated as major disaster areas due to Hurricane Maria on September 20, 2017 and CRA consideration was given for CD activities in response to the natural disaster. Per CA Letter 21-9 issued on May 27, 2021, the agencies granted a 36-month extension to the original period provided in CA 18-1 as a result of an earthquake that hit Puerto Rico in 2020 and Hurricane Ida in 2021. Examiners reviewed submitted CD loans responding to the disaster declaration for CD consideration.

Due to the impacts of the 2020 COVID-19 pandemic, in accordance with CA Letter 21-5 Community Reinvestment Act (CRA) Consideration for Activities in Response to the Coronavirus and its attachments, qualified community development activities supporting community needs related to the COVID-19 pandemic were also given consideration.

Qualified community development activities were analyzed from both the quantitative and qualitative perspectives to understand the volume of activity impacting the assessment area, the innovativeness of those activities, and the responsiveness to local community development and credit needs. When appropriate, peer comparisons were conducted using annualized metrics to gauge the relative performance of the institution in a particular assessment area. Peer banks were selected based on asset size, deposits, branching structure, and presence within Puerto Rico and the USVI.

### **Community Contacts and Additional Performance Context Information**

In order to learn more about community credit needs, examiners conducted interviews and received comments from three non-profit agencies. Due to the coverage of these community contacts, discussions of the identification of community credit needs is provided at the Institution level instead of at the individual assessment area level.

The first community contact was held with a Community Development Financial Institution (“CDFI”) operating throughout Puerto Rico and the U.S. Virgin Islands. The CDFI’s main foci include workforce, housing, and economic development. The CDFI representative stated that access to capital for small businesses in rural areas, very small “mom and pop” businesses, entrepreneurs who are starting businesses, and small businesses is needed and particularly for working capital to fund repairs and post disaster reconstruction. The representative said that access to credit was a challenge as traditional banks lend very little to small businesses in LMI areas, especially those that are not established. Additionally, they stated that access to credit for small business in the USVI is more of a challenge than PR and there is less access to technical assistance, thus this is a need.

The representative stated that the largest banks in PR and the USVI have invested in community programs. However, these are mostly focused on social programs and affordable housing and less focused on lending to small and very small/new business in LMI areas. The contact mentioned that PPP lending during the COVID-19 pandemic did increase lending to businesses. However, only a small percentage of these loans went to small and very small businesses, especially those without existing banking relationships.

A second community contact was conducted with a community foundation, focused on promoting access to renewable energy, drinking water, housing, community economic development and education in Puerto Rico, which launched a Community Investment Fund in 2016. The contact stated that all banks in Puerto Rico have invested small amounts in the fund, which supported affordable housing and economic development and provided capital to non-profit organizations. The representative noted that economic conditions have improved slightly since 2020 due to the influx of federal funds during the pandemic and the rise in tourism. However, for LMI areas and individuals, credit needs continue to be significant and unmet. There continues to be a significant need for capital to fund reconstruction and mitigation projects in recovery areas prior to federal fund reimbursement.

The third contact also emphasized that affordable housing remains a significant credit need and noted that the shortage in affordable housing inventory is in part due to the high number of abandoned or dilapidated properties stemming from the lack of available credit for restoration of LMI housing. The contact explained that the need for affordable housing is spread out across Puerto Rico. However, there is a greater need in areas of lowest economic development which include the south and central rural areas of the island. Non-profits, which are well suited to meet community development needs, also face challenges in getting working capital. The representative noted that the large banks in Puerto Rico have invested in their Community Investment Fund and others, but that their investments are typically better suited for larger-scale, more traditional infrastructure or housing projects than for smaller, more targeted non-profit funding. Additionally, it was noted that smaller non-profits are often not set up to be able to manage large dollar funding or projects as they are tailored for small dollar amounts and micro-loans.

A fourth community contact was held with a representative of the USVI hotel industry. The representative noted that the tourism industry in the USVI has been booming since 2021 and the hotels and restaurants cannot open fast enough. Several large hotels and restaurants that closed because of damage from the last hurricane are expected to reopen post hurricanes in 2022. The representative stated that the biggest need in the USVI currently is affordable housing, especially for workers in the tourism industry. Due to the lack of hotel rooms during the pandemic when tourism demand was surging, there was a significant shift from longer term rentals to short-term Airbnb vacation rentals, in turn drastically reducing the supply of affordable longer-term rentals and noticeably driving up costs across the board.

### ***Performance Context***

The annual unemployment rate for the Commonwealth experienced an overall downward trend from 2019 to 2021 with the unemployment rate declining from 8.3% in 2019 to 7.8% in 2021. The COVID-19 pandemic caused businesses to close or reduce their workforce across Puerto Rico which increased the unemployment rate by 0.6% in 2020. However, the rate decreased rapidly to below the pre-pandemic level in 2021, though Puerto Rico's unemployment rate was still higher than that of the mainland U.S.

Puerto Rico has suffered from a severe and prolonged economic slump for more than a decade, with gross domestic product, population, and employment all on a downward trend since 2006<sup>5</sup>, when a tax incentive for manufacturers—Section 936—was phased out. The pharmaceutical industry continued as a key part of the PR’s economy, though employment in this industry was cut in half since the phase-out began. While Puerto Rico’s tourism sector was relatively small, it was one of the few industries that adding jobs in recent years. In addition, a fledgling aerospace industry emerged around Aguadilla and Arecibo. Wages and educational attainment in Puerto Rico tended to be about half the level of the U.S. mainland, and income inequality was considerably higher. Puerto Rico also suffered from high sovereign debt and experienced a fiscal crisis.

Puerto Rico has a very high poverty rate; based on estimates, approximately 40.5% of persons in Puerto Rico lived in poverty<sup>6</sup> compared to, for example, the 11.6% of people in the mainland United States in 2021.<sup>7</sup> The Commonwealth experienced an economic crises in the recent past, with government funding reductions due to the debt crisis, and required oversight by a financial control board under the Puerto Rico Oversight Management and Economic Stability Act (PROMESA), as well as the effects of Hurricane Maria. The PROMESA law required austerity measures and provided Puerto Rico with a mechanism to restructure their debt which occurred in March 2022.

The economic challenges led to substantial consolidation of the banking industry in Puerto Rico. Management noted that over the past decade, the number of consumer banks were reduced by half. The Bank of Nova Scotia had been reducing its operations and, in 2019, Oriental Bank and FirstBank acquired Scotiabank’s and Banco Santander SA’s operations, respectively.

### ***Natural Disasters***

Puerto Rico has been significantly impacted by natural disasters which have had prolonged impacts on the island’s economy, population, and infrastructure. These included Hurricane Maria in September 2017, earthquakes in late 2019 and early 2020, and the ongoing COVID-19 pandemic of 2020-2021.

Hurricane Maria had a severe effect on Puerto Rico, causing significant challenges to the population and infrastructure, including the most extensive blackout in U.S. history, and also exacerbated preexisting economic difficulties. In total, Hurricane Maria caused approximately \$90 billion in damage. In the aftermath, over 200,000 Puerto Ricans left for the mainland U.S., many temporarily and some permanently, and island residents had no access to public utilities for almost a year. Three years after Hurricane Maria, the island experienced destructive earthquakes followed by the COVID-19 pandemic.

### **Deriving Overall Conclusions**

Before reaching a conclusion about the overall performance regarding geographic distribution and borrower characteristics in the assessment areas, examiners compared loan originations in each loan product category

---

<sup>5</sup> [Federal Reserve Bank of New York - Regional Economy Profile: Puerto Rico](#)

<sup>6</sup> [U.S. Census Bureau: Puerto Rico](#)

<sup>7</sup> [Poverty in the United States: 2021 \(census.gov\)](#)

to total retail lending volume to determine the influence of performance by product on the overall conclusion.

In deriving overall conclusions, BPPR's performance in Puerto Rico received the most weight in determining the overall rating because of the high concentration of deposits, branches, and lending in the Commonwealth. BPPR's performance in the Puerto Rico assessment areas accounted for 97.5% of its total retail deposits and 98.9% of total HMDA-reportable and small business lending activity. Performance in the USVI had the second highest weight in determining the bank's overall rating. In reaching a conclusion about BPPR's overall performance within an individual assessment area, products were weighted based on their volume in that area.

In order to derive the rating for Puerto Rico, full-scope assessment areas were weighted based on the proportion of loan originations and deposits in each. As a result, MSA 41980 (San Juan-Bayamón-Caguas, PR) had a significant impact on assessing the overall performance of the bank, capturing 87.9% of the branch deposits and 70.5% of total loans within Puerto Rico. Two additional assessment areas, MSA 10380 (Aguadilla-Isabela, PR) and MSA 38660 (Ponce, PR), that had a lesser, but still important, impact on the overall rating, were also chosen as full scope assessment areas.

The combined full scope review areas made up 83.0% of the bank's loan volume, 76.0% of the bank's branches, and 90.6% of the bank's deposits in Puerto Rico. Limited scope reviews were conducted of the bank's performance in the other Puerto Rico assessment areas.

## CONCLUSION WITH RESPECT TO PERFORMANCE TESTS

### LENDING TEST

Banco Popular de Puerto Rico's overall performance in meeting the credit needs of its assessment area is rated *High Satisfactory*. Lending levels reflected good responsiveness to Assessment Area (AA) credit needs. A substantial majority of loans were made in the bank's AA. The geographic distribution of loans reflected adequate penetration throughout the AA. The distribution of borrowers reflected, given the product lines offered, adequate penetration among customers of different income levels and businesses of different sizes. The bank exhibited an adequate record of serving the credit needs of low-income individuals and areas and very small businesses. The bank made a relatively high level of CD loans. The bank made use of innovative and/or flexible lending practices in serving AA credit needs.

### Lending Activity

BPPR's lending levels reflected good responsiveness to assessment area credit needs given the bank's capacity and overall market conditions, including the state of the housing market and economic conditions in Puerto Rico and the USVI. Overall, BPPR originated or purchased 68,602 HMDA-related, small business, and small farm loans during the evaluation period, totaling approximately \$5.2 billion.

The following table summarizes BPPR's lending activity during the review period.

## Geographic Distribution of Loans

Overall, the geographic distribution of HMDA-related and small business and small farm loans reflected adequate penetration throughout the assessment area based on the lending performance in Puerto Rico, and the bank's level of loan penetration in LMI geographies in MSA 41980 (San Juan-Bayamón-Caguas, PR), MSA 10380 (Aguadilla-Isabela, PR) and MSA 38660 (Ponce, PR), and to a lesser extent, the bank's

adequate performance in the USVI. The analysis considered performance context factors such as the number of owner-occupied housing units in LMI geographies and the market aggregate's performance.

## Distribution by Borrower Income and Revenue Size of Business

The overall distribution of loans among borrowers of different income levels and businesses and farms of different sizes was adequate based on the lending performance in Puerto Rico, driven primarily by the bank's performance in MSA 41980 (San Juan-Bayamón-Caguas, PR), MSA 38660 (Ponce, PR), the USVI and the bank's good performance in the lesser weighted MSA 10380 (Aguadilla-Isabela, PR). The lending analysis considered performance context factors such as the disparity between housing prices and incomes, which generally places owner-occupied housing beyond the reach of LMI families.

## Community Development Lending

BPPR made a relatively high level of community development loans. During the evaluation period, the bank made 535 qualified community development loans, totaling \$1.1 billion in its assessment areas. Annualized, the bank made 195 CD loans totaling \$385 million. This represented a 25.0% decrease by number and a 27.3% decrease by dollar when compared to the bank's annualized CD lending during the previous exam period. When compared to two peer banks and its own performance during the last exam period, BPPR ranked fourth when comparing annualized community development loans to total deposits, ranked third when comparing annualized CD loans as a percentage of Tier 1 capital, and ranked fourth relative to annualized CD loans as a percentage of average assets.

As detailed in the chart below, the bank's qualified community development lending was responsive to identified economic development, revitalization and stabilization, and community service needs. Additionally, of the bank's total qualified community development lending, 133 loans, totaling \$272 million, were originated under the PPP loan program established by the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") of 2020 and designed to provide direct capital for small businesses adversely affected by the COVID-19 pandemic to keep workers on small business payrolls and is found to be particularly responsive to the acute credit needs during this timeframe.<sup>8</sup>

### Innovative and/or Flexible Lending Practices

BPPR made use of innovative and/or flexible lending practices in serving assessment area credit needs. A number of BPPR's products, while not new, were responsive to community needs in the bank's assessment areas. These included:

- Small Business Administration ("SBA") lender programs were offered, including the Certified Lenders Program ("CLP"), and Preferred Lenders Program ("PLP"). BPPR offered loans through the SBA 504 program.
- Pronto Popular offers the First Home Club ("FHC") grant program in conjunction with the Federal Home Loan Bank of New York ("FHLBNY"). The program is a non-competitive set-aside program which assists first-time homebuyers with incomes at or below 80% of Area Median Income ("AMI"). Assistance is provided in the form of matching funds based on the household's systematic savings within a dedicated savings account. Based on a 4:1 match of household's savings, the maximum grant is \$7,500. The matching funds may be used toward the down payment and/or closing costs for the purchase of a home. Additionally, FHC provided up to \$500 towards the defrayment of non-profit housing agency counseling costs which is added to the grant resulting in the potential maximum assistance of \$8,000.
- Homebuyer Dream Program ("HDP") is a homeownership set-aside program established by the FHLBNY and offered by BPPR. The HDP provides funds in the form of a grant to be used towards down payment and closing cost assistance to first-time homebuyers earning at or below 80% of the AMI and purchasing homes in New York, New Jersey, Puerto Rico or the U.S. Virgin Islands. The HDP offered grants up to \$10,000 and granted up to \$9,500 towards down payment and closing cost assistance to eligible first-time homebuyers. Additionally, the HDP offered up to \$500 towards the defrayment of homeownership counseling costs which is added to the grant.

- HOME Investment Partnerships Program provides annually awarded grants through the Puerto Rico Housing Authority and HUD to participating jurisdictions for a wide range of activities to create affordable housing for low-income households.
- Homebuyer Assistance Program (“HAP”) that utilized Community Development Block Grant Disaster Recovery (“CDBG-DR”) funds to provide direct assistance to homebuyers to facilitate and expand homeownership. CDBG-DR funds subsidize interest rates and mortgage principal amounts, pay up to 100 percent (100%) of the down payment required by the mortgage for, or reasonable closing costs associated with, the purchase on behalf of the purchaser.
- BPPR offered two disaster recovery grant programs through the FHLBNY: Homeowner Recovery Grant Program and the Small Business Recovery Grant program. These programs assisted homeowners and small businesses in Puerto Rico and the U.S. Virgin Islands that sustained damage as a direct result of Hurricanes Irma and Maria in September 2017, the earthquake in 2020, and Hurricane Ida in 2021. BPPR served as an intermediary and was responsible for identifying potential beneficiaries and for collecting, verifying, and retaining eligibility documentation.
- StartUp Popular provided financing, coaching, and networking for business with proven ideas that have been operating for less than two years. Financing was provided through loans structured to meet the needs and profiles of start-up clients, such as lower interest rates and payments during initial repayment. In addition, loans provided up to a full year of lower payments to invest the provided funds and build a cash flow. Other benefits included commercial service fee discounts such as: free online banking for 12 months, free commercial checking for 12 months, direct service with the StartUp team, and free marketing through the StartUp initiative campaign.
- The JumpStart program, an initiative for commercial customers affected by the earthquakes in municipalities declared an emergency by the Federal Emergency Management Agency (“FEMA”), consisted of allocating funds for any need that arose in the wake of the earthquakes. In addition, the program provided an accelerated evaluation process and more attractive financing terms than a regular loan.
- BPPR participated in HUD’s Neighborhood Stabilization Program (“NSP”) which provided emergency assistance to state and local governments to acquire and redevelop foreclosed properties that might otherwise become sources of abandonment and blight within their communities. The NSP provided grants to states, certain local communities, and other organizations to purchase foreclosed or abandoned homes and to rehabilitate, resell, or redevelop these homes in order to stabilize neighborhoods and stem the decline of house values of neighboring homes. Additionally, very low, low to moderate- and median-income families received a discount of appraisal value to use toward down payment for the purchase of the rehabilitated property.
- Other innovative and/or flexible lending programs included:
  - Section 8 to Homeownership – housing Choice Voucher Program;
  - Veterans Administration Loans;
  - Special loan modifications;
  - SBA PPP loans; and
  - COVID-19 payment relief program that offered a 90-day forbearance on retail loans.

## INVESTMENT TEST

BPPR's performance relative to the investment test is rated *High Satisfactory* based on a significant level of qualified CD investments and grants, particularly those not routinely provided by private investors, occasionally in a leadership position. Overall, the bank made significant use of innovative and/or complex investments to support CD initiatives based on significant use in Puerto Rico and occasional use in the USVI. The bank exhibited adequate responsiveness to credit and CD needs in its assessment areas.

During the current evaluation period, the bank made 490 qualified CD investments totaling \$200.5 million, of which, 446 totaling \$13 million were CD grants and 44 totaling \$187.5 million were investments. Of the 44 investments, 17, or 38.6%, were prior period investments with a book value of \$70.1 million as of March 31, 2022.

Over the 33-month evaluation period, the bank's annualized total qualified investments, including investments and grants, equaled 178 by number and \$72.9 million by dollar. Annualized separately, the bank's CD investments totaled 16 by number and \$68.2 million by dollar, while the bank's grants totaled 162 by number and \$4.7 million by dollar. When comparing BPPR's annualized CD investment activity to levels exhibited during the prior exam period, the bank's total qualified CD investments, including grants, increased 70.3% by dollar. More specifically, when compared to the prior exam levels, the bank's annualized CD investments alone increased 106% by number and 77.1% by dollar, while the bank's annualized CD grants decreased 65.2% by number but increased 10.1% by dollar. The bank's increase in annualized CD investments was noteworthy and supported a performance rating upgrade in the investment test from the last exam, in which the bank's investment test performance was rated a low satisfactory.

When compared to two peer banks and its own performance during the last exam period, BPPR ranked second when comparing annualized CD investments loans to total deposits, ranked second when comparing annualized CD investments as a percentage of Tier 1 capital, and ranked second relative to annualized CD investments as a percentage of average assets.

Overall, the bank made significant use of innovative and complex investments to support CD initiatives, driven by significant use in Puerto Rico and occasional use in the USVI. Out of 44 investments, two, totaling \$8.5 million, were considered complex and three, totaling \$109 million, were considered innovative.

One complex investment was made in Popular Community Capital ("PCC").

- Established by BPPR in 2016, PCC's focus was on job creation and support services targeted to LMI individuals and communities. PCC accomplished this by providing capital to small businesses located in LMI census tracts, and to businesses of all sizes serving LMI individuals. PCC qualified for a New Markets Tax Credits ("NMTC") allocation; a complex structure aimed at serving low-income communities.

BPPR's innovative investments also included investments in the Popular Mezzanine Fund and the Impact Fund.

- In 2017, BPPR established the Popular Mezzanine Fund, an innovative way to invest in the Puerto Rico amid the shift in available government investment vehicles. This fund was aimed exclusively at meeting the credit needs of Puerto Rican communities, including those that were LMI, as public

welfare investments. Economic development and job creation were core objectives, as was providing capital to those unable to obtain traditional financing.

- The Impact Fund, an investment product established by the bank, invested in companies that fostered innovation in the financial services sector or sought to address challenges faced by the communities in which the bank does business, such as access to financial services, community development, and environmental sustainability. BPPR made an initial investment of \$9 million to the Impact Fund.

BPPR exhibited adequate responsiveness to credit and community development needs. The bank invested and donated across Puerto Rico and the USVI, supporting small businesses and LMI individuals through the creation and retention of jobs, community service, and worked to rebuild PR and the USVI after natural disasters and the COVID-19 pandemic.

As for CD investments in affordable housing, a significant need in LMI communities across PR and the USVI, 36 of the bank's 37 investments with a primary purpose of affordable housing were mortgage-backed securities, which is considered less complex.

BPPR's investment activity is illustrated in the Qualified Investments and Grants Summary table. BPPR's investments impacted many areas of Puerto Rico and were not targeted to one county, MSA, or non-metropolitan area. Because the bank did not exclude any areas in Puerto Rico from its assessment areas, investments that did not have geographic specifications or exclusions are attributed to benefitting all of Puerto Rico in the analysis and are represented under "All PR" in the subsequent table.

## SERVICE TEST

BPPR's overall rating on the service test is *High Satisfactory* based primarily on ratings for the full scope assessment areas. Delivery systems were readily accessible to the bank's geographies and individuals of different income levels in its AA. The bank's record of opening and closing of branches did not adversely affect the accessibility of its delivery systems, particularly to low- and moderate-income (LMI) geographies and/or LMI individuals. Services were tailored to convenience and needs of its AA, particularly LMI geographies and/or LMI individuals. The bank provided a relatively high level of CD services.

## Retail Services

BPPR's branches were readily accessible to all geographies of its assessment areas. The bank operated 167 branches, of which one was a limited purpose-branch. Of the bank's total branches, 49, or 29.3%, were in LMI areas, compared to 26.7% of the assessment areas' population residing in LMI areas. Additionally, seven, or 4.2%, of the branches were in distressed or underserved non-metropolitan middle-income geographies.

Alternative delivery systems somewhat enhanced BPPR's performance in its assessment areas. BPPR operated a total of 635 ATMs throughout its assessment areas, of which 341 ATMs were located on-site at BPPR's branches. Of the 294 ATMs located off-site, 10, or 3.4%, were located in low-income geographies and 46, or 15.6%, were in moderate-income geographies. BPPR's ATMS were equipped with a new feature called Easy Payment which allowed customers to make payments to the businesses registered in their profile and to all Popular brand businesses: Popular Mortgage, Popular Auto, credit cards, personal loans, and reserve lines. Easy Payment could also be used to pay bills to the Aqueduct and Sewer Authority (PRASA), Liberty, DirecTV, Claro, and Open Mobile. BPPR offered other alternative delivery systems such as bank-by-mail, internet banking, mobile banking, Mi Banco Alerts, ATH Móvil, and Easy Deposits service. In addition, BPPR provided 24/7/365 customer service.

BPPR's record of opening and closing branches did not adversely affect the overall accessibility of its delivery systems to low- and moderate-income geographies and individuals. During the evaluation period, BPPR opened one branch in a low-income census tract and relocated two branches, of which one was in a moderate-income census tract. Additionally, BPPR consolidated five branches into existing branches, none of which were in LMI census tracts.

Saturday, Sunday, and holiday hours were widely scheduled and tailored to meet the convenience and needs of the assessment areas, particularly LMI geographies and individuals. Of the 49 branches in LMI areas, 27, or 55.1%, had Saturday, Sunday or holiday hours.

## Community Development Services

BPPR provided a relatively high level of CD services in its assessment areas. BPPR conducted 2,599 qualified community service events, representing an overall decrease of 6.0% in annualized community development services since the previous CRA examination. The bank's qualified community development services consisted of a wide variety of events related to the financial education of children and adults, first-time homebuyers, economic development, and technical assistance.

The Community Development Services table below illustrates the type and number of community development services provided. The bank's community development events included participation in a significant number of financial education seminars targeted to LMI individuals and technical assistance provided to community organizations and small businesses.

## **FAIR LENDING OR OTHER ILLEGAL CREDIT PRACTICES REVIEW**

BPPR was in compliance with the substantive provisions of the anti-discrimination laws and regulations. No evidence of discriminatory or other illegal credit practices was identified as being inconsistent with helping to meet the credit needs of the assessment area. The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (Dodd-Frank Act) established the Consumer Financial Protection Bureau (CFPB). In general, the Dodd-Frank Act gives the CFPB, among other things, primary evaluation and enforcement authority over insured depository institutions with total assets of more than \$10 billion when assessing compliance with the requirements of Federal consumer financial laws, including BPPR. The Federal Reserve, however, retains authority to enforce compliance with the CRA and certain other consumer compliance laws and regulations. During the review period of this evaluation, January 1, 2019 through December 31, 2020, the Federal Reserve did not cite violations involving discriminatory or other illegal credit practices that adversely affected the Federal Reserve's evaluation of the bank's CRA performance.

*The Lending Test is rated: High Satisfactory*

*The Investment Test is rated: High Satisfactory*

*The Service Test is rated: High Satisfactory*

The major factors supporting the rating include:

#### Lending Test

- Lending levels reflected good responsiveness to assessment area credit needs.
- The geographic distribution of loans reflected adequate penetration throughout the AA.
- The distribution of borrowers reflected, given the product lines offered, adequate penetration among customers of different income levels and businesses of different sizes.
- Exhibited an adequate record of serving the credit needs of low-income individuals and areas and very small businesses.
- Made a relatively high level of community development loans.
- Made use of innovative and/or flexible lending practices in serving assessment area credit needs.

#### Investment Test

- Made a significant level of qualified community development investments and grants, particularly those not routinely provided by private investors, occasionally in a leadership position.
- Made significant use of innovative and/or complex investments to support community development initiatives.
- Exhibited adequate responsiveness to credit and community development needs.

#### Service Test

- Delivery systems were readily accessible to the bank's geographies and individuals of different income levels in its assessment area.
- Record of opening and closing of branches did not adversely affect the accessibility of its delivery systems, particularly to LMI geographies and/or LMI individuals.

- Services were tailored to convenience and needs of its assessment area, particularly LMI geographies and/or LMI individuals.
- Provided a relatively high level of community development services.

## **SCOPE OF EXAMINATION**

Examiner evaluation of BPPR's activities in the Commonwealth of Puerto Rico consisted of full-scope reviews of MSA 41980 (San Juan-Bayamón-Caguas, PR), MSA 10380 (Aguadilla-Isabela, PR), and MSA 38660 (Ponce, PR). Additionally, limited scope assessment areas in Puerto Rico were conducted for MSA 11640 (Arecibo, PR), MSA 25020 (Guayama, PR), MSA 32420 (Mayagüez, PR), MSA 41900 (San Germán, PR), MSA 49500 (Yauco, PR), and Non-Metropolitan Puerto Rico, which did not contribute to the overall rating. BPPR's performance in the Puerto Rico's combined full scope review areas made up 83.0% of the bank's loan volume, 76.0% of the bank's branches, and 90.6% of the bank's deposits in Puerto Rico and accounted for 97.5% of its total retail deposits and 98.9% of total HMDA-reportable and small business lending activity.

In order to derive the rating for Puerto Rico, full-scope assessment areas were weighted based on the proportion of loan originations and deposits in each. As a result, MSA 41980 (San Juan-Bayamón-Caguas, PR) had a significant impact on assessing the overall performance of the bank, capturing 87.9% of the branch deposits and 70.5% of total loans within Puerto Rico.

## **DESCRIPTION OF INSTITUTION'S OPERATIONS**

As of December 31, 2021, BPPR operated the largest branch network in Puerto Rico with and 294 off-site ATMs. Based on deposits reported to the Federal Deposit Insurance Corporation ("FDIC") as of June 30, 2021, BPPR's branch deposits represented 51.9% of all bank deposits in the Commonwealth of Puerto Rico. BPPR's primary bank competitors in Puerto Rico for assessment area deposits included Citibank, N.A., with 26.5% of deposit market share; FirstBank, which captured 13.3% of deposit market share; and Oriental Bank, with 8.2% of deposit market share.

## **CONCLUSIONS WITH RESPECT TO PERFORMANCE TESTS**

Conclusions regarding BPPR's performance in the Commonwealth of Puerto Rico with respect to the lending, investment, and service tests are based on performance in MSA 41980 (San Juan-Bayamón-Caguas, PR), MSA 10380 (Aguadilla-Isabela, PR), and MSA 38660 (Ponce, PR). BPPR's performance under the lending, investment and service tests are rated High Satisfactory. Specific comments regarding the lending, investment, and service tests are discussed below.

## INVESTMENT TEST

BPPR's performance in MSA 41980 (San Juan-Bayamón-Caguas, PR) is based on the following summary. The bank made a significant level of qualified community development investments and grants, particularly those not routinely provided by private investors, and occasionally in a leadership position. The bank made significant use of innovative or complex investments to support community development initiatives and exhibited adequate responsiveness to credit and community development needs.

During the evaluation period, the bank made 306 CD investments and grants in the assessment area totaling \$13.3 million. Examiners took into account the fact that 92.4% of the bank's investments were not limited to specific assessment areas and benefited all of Puerto Rico. This assessment area benefitted from the bank's \$190.7 million in investments in the PCC and Popular Mezzanine Funds, as well as the bank's investments in mortgage-backed security investments benefiting all of Puerto Rico. However, the bank ranked below two similarly-situated banks when comparing annualized community development loans to deposits within the MSA 41980 (San Juan-Bayamón-Caguas, PR) assessment area. Examples of qualified investments included:

<b>CD INVESTMENTS</b>		
<b>MSA 41980 (San Juan-Bayamón-Caguas, PR)</b>

- The bank donated \$5,800 to sponsor one low-income student's scholarship during the 2021-2022 academic period in the assessment area.
- The bank provided a \$420,000 grant to fund the construction of a multipurpose auditorium at a public higher learning institution, at which 80% of students are receiving financial aid.

## SERVICE TEST

BPPR's performance under the service test in MSA 41980 (San Juan-Bayamón-Caguas, PR) is based on delivery systems that were readily accessible to the bank's geographies and individuals of different income levels in the assessment area, changes in branch locations did not adversely affect accessibility, services did not vary in a way that inconvenienced the needs of the assessment area, and hours and services were tailored to the convenience and needs of its assessment area. The bank provided a relatively high level of community development services within the assessment area.

### Retail Services

BPPR's delivery systems were readily accessible to all geographies of the assessment area and individuals of different income levels. BPPR had 106 branches in the assessment area, of which 32, or 30.2%, were

located in low- or moderate-income census tracts. This compared favorably to the 30.4% of the assessment area's households that resided in low- or moderate-income census tracts. Additionally, BPPR operated a total of 417 ATMs throughout the assessment area, of which 24.0% were located in LMI geographies. Of the 417 ATMs in the assessment area, 194 were located off-site, of which 39, or 20.1%, were located in LMI geographies.

BPPR's record of opening and closings of branches in the assessment area did not adversely affect the accessibility of its delivery systems, particularly to low- and moderate-income geographies and low-and moderate-income individuals. During the evaluation period, BPPR opened one branch in the assessment area located in a low-income geography, relocated one branch located in a moderate-income geography, and consolidated three branches, one located in a middle-income geography and two located in upper-income geographies.

BPPR's hours and services were tailored to the convenience and needs of the assessment area, particularly LMI geographies and/or LMI individuals. Of the 106 branches in the MSA 41980 (San Juan-Bayamón-Caguas, PR) assessment area, 62, or 58.5%, had Saturday, Sunday, or holiday hours. Of the bank's 32 branches in LMI census tracts, 18, or 56.3%, had Saturday, Sunday, or holiday hours.

## Community Development Services

BPPR provided a relatively high level of community development services within the assessment area. As presented in the table below, BPPR conducted 1,803 community service events in the assessment area. The services consisted of a wide variety of events related to the financial education of children and adults and providing small business technical assistance.

Bank officers and staff provided 697 technical assistance events to nonprofit organizations for economic development, community services and revitalization and stabilization. Additionally, several bank officers and staff served on the boards and committees of 162 community development organizations that provided on-going financial and management expertise and to organizations focused on low- and moderate-income individuals.

Examples of community development services include:

- Through BPPR's StartUp program, the bank offered technical assistance such as Coaching, Accounting, Permits, Marketing, Digital Marketing, Legal and Human Resources to businesses and startups throughout San Juan and all of PR.
- An officer served as treasurer of a non-profit dedicated to researching alternatives for economic development in low-income communities.
- A bank employee served on the Advisory Board for the Housing and Human Development Trust - a collaborative alliance with Puerto Rico's banking industry, the Government, and non-profit

## CONCLUSIONS WITH RESPECT TO PERFORMANCE TESTS

### LENDING TEST

BPPR lending levels reflected good responsiveness to assessment area credit needs and a substantial majority of loans were made in the bank's AA. The geographic distribution of loans reflected good penetration throughout the AA, while the distribution of borrowers reflected, given the product lines offered, adequate penetration among customers of different income levels and businesses of different sizes. The bank exhibited an adequate record of serving the credit needs of low-income individuals and areas and very small businesses and farms. The bank made a relatively high level of CD loans and the bank made use of innovative and/or flexible lending practices in serving AA credit needs.

#### Lending Activity

BPPR's lending activity demonstrated good responsiveness to the retail credit needs of the MSA 10380 (Aguadilla-Isabela, PR). BPPR originated 430 home purchase, 123 refinance, 10 home improvement, 3,616 small business, and 177 small farm loans during the evaluation period in this assessment area. BPPR ranked first in deposit market share throughout the evaluation period. In 2020, BPPR ranked first in HMDA lending out of 39 reporting institutions and ranked first in small business and small farm lending out of 18 CRA reporting institutions.

BPPR's volume trends during the evaluation period indicated an annualized increase of 58.1% in total lending while HMDA lending decreased by 18.5%, small business lending increased by 109.9%, and small farm lending increased by 213.3% in the assessment area. BPPR's overall loan, HMDA, and small farm loan volumes reflected increases in lending in the assessment area than the aggregate over the same period.

#### Geographic Distribution of Loans

Banco Popular PR's overall geographic distribution of HMDA-related and small business loans reflected good penetration throughout the MSA 10380 (Aguadilla-Isabela, PR) assessment area based on good lending penetration in LMI geographies for home purchase, home improvement, small business, and small farm loans, and adequate lending penetration in LMI geographies for refinance loans.

Opportunities for HMDA lending in low-income census tracts were impacted by a poverty rate of 49.8% based on the 2015 ACS.

#### *Gap Analysis*

Banco Popular's responsiveness to meeting the needs of its community was evaluated through an analysis of gaps in lending in LMI census tracts. In each year, the bank's penetration rate in LMI census tracts were 100%. The following table is a summary of the analysis of lending gaps in the assessment area.

<b>Lending Gap Analysis - MSA 10380 (Aguadilla-Isabela, PR)</b>

### *Home Purchase Loans*

The geographic distribution of home purchase loans was good based on adequate penetration in low-income geographies and good penetration in moderate-income geographies. In 2020, the bank made 0.5% by number and 0.2% by dollar of home purchase loans in low-income census tracts. Home purchase lending performance in low-income census tracts was below the demographic of 0.9% of owner-occupied housing units located in low-income census tracts and below the aggregate lending which made 1.1% by number and 0.5% by dollar in low-income census tracts. In 2020, the bank made 18.6% of home purchase loans by number and 14.8% by dollar in moderate-income census tracts. The bank's home purchase lending performance exceeded the demographic of 19.3% of owner-occupied housing units located in moderate-income census tracts and exceeded the aggregate lending which made 15.4% by number and 12.7% by dollar of home purchase loans in moderate-income census tracts.

In 2019, the bank made 0.4% by number and 0.2% by dollar of home purchase loans in low-income census tracts. Home purchase lending performance in low-income census tracts was significantly below the demographic of 0.9% of owner-occupied housing units located in low-income census tracts and slightly below the aggregate lending, which made 0.5% by number and 0.4% by dollar in low-income census tracts. In 2019, the bank made 12.1% of home purchase loans by number and 11.0% by dollar in moderate-income census tracts. The bank's home purchase lending performance was below the demographic of 19.3% of owner-occupied housing units located in moderate-income census tracts and was slightly below the aggregate lending which made 14.9% by number and 13.9% by dollar of home purchase loans in moderate-income census tracts.

### *Refinance Loans*

The geographic distribution of refinance loans was adequate based on adequate penetration throughout both low- and moderate-income geographies in the assessment area. In 2020, the bank made 1.2% by number and 0.9% by dollar of refinance loans in low-income census tracts. The bank's refinance lending performance in low-income census tracts was comparable to the demographic of 0.9% of owner-occupied

housing units located in low-income census tracts and slightly below the aggregate lending which made 1.6% by number and 1.0% by dollar of refinance loans in low-income census tracts. In 2020, the bank made 12.3% by number and 11.1% by dollar of refinance loans in moderate-income census tracts. BPPR's refinance lending performance in moderate-income census tracts was below the demographic of 19.3% of owner-occupied housing units located in moderate-income census tracts and slightly below the aggregate lending which made 14.7% by number and 11.0% by dollar of refinance loans in moderate-income census tracts.

In 2019, the bank did not make any refinance loans in low-income census tracts. The bank's refinance lending performance in low-income census tracts was compared to the demographic of 0.9% of owner-occupied housing units located in low-income census tracts and the aggregate lending which made 0.9% by number and 1.3% by dollar of refinance loans in low-income census tracts. In 2019, the bank made 19.0% by number and 13.4% by dollar of refinance loans in moderate-income census tracts. BPPR's refinance lending performance in moderate-income census tracts was comparable to the 19.3% of owner-occupied housing units located in moderate-income census tracts and exceeded the aggregate lending which made 15.9% by number and 13.6% by dollar of refinance loans in moderate-income census tracts.

### *Home Improvement Loans*

The geographic distribution of home improvement loans was good based on good penetration in moderate-income geographies in the assessment area. ## CONCLUSIONS WITH RESPECT TO PERFORMANCE TESTS

### LENDING TEST

BPPR lending levels reflected good responsiveness to assessment area credit needs and a substantial majority of loans were made in the bank's AA. The geographic distribution of loans reflected adequate penetration throughout the AA while the distribution of borrowers reflected, given the product lines offered, adequate penetration among customers of different income levels and businesses of different sizes. The bank exhibited an adequate record of serving the credit needs of low-income individuals and areas and very small businesses. The bank made an adequate level of CD loans and the bank made use of innovative and/or flexible lending practices in serving AA credit needs.

### Lending Activity

BPPR's lending activity demonstrated good responsiveness to the retail credit needs of the MSA 38660 (Ponce, PR). During the evaluation period, BPPR originated 310 home purchase, 91 refinance, five home improvement, 2,540 small business, and 43 small farm loans in the assessment area. BPPR ranked first in deposit market share throughout the evaluation period. In 2020, BPPR ranked first in HMDA lending out

of 30 reporting institutions and ranked first in small business and small farm lending out of 23 CRA reporting institutions.

Volume trends during the evaluation period indicate an annualized increase of 30.4% in total lending while HMDA lending decreased by 16.3%, small business lending increased by 73.4%, and small farm lending increased by 38.7% in the assessment area. BPPR's loan volume trend in the assessment area showed a greater increase in HMDA lending and CRA lending than the aggregate over the same period.

## Geographic Distribution of Loans

Banco Popular PR's overall geographic distribution of HMDA-related, small business, and small farm loans was adequate based on adequate penetration in low- and moderate-income geographies throughout the MSA 38660 (Ponce, PR) assessment area. Lending penetration in LMI tracts was adequate for home purchase, home improvement, small business, and small farm loans, while lending penetration in LMI tracts was poor for refinance loans.

### *Gap Analysis*

Banco Popular's responsiveness to meeting the needs of its community was evaluated through an analysis of gaps in lending in LMI census tracts. In each year, the bank's penetration rate in LMI census tracts exceeded 80.0%. The following table is a summary of the analysis of lending gaps in the assessment area.

The three branches operating in MSA 25020 (Guayama, PR) generated 0.6% of BPPR's deposits in Puerto Rico as of June 30, 2021. BPPR is the leading bank in the assessment area (1 of 3) with 68.5% of all deposits.

#### CONCLUSIONS WITH RESPECT TO PERFORMANCE TESTS IN MSA 25020 (GUAYAMA, PR)

The overall lending test rating for Puerto Rico is High Satisfactory. BPPR's lending test performance in the assessment area was below this performance. During the evaluation period, the bank's lending reflected poor geographic distribution and borrower distribution was adequate. Community Development lending performance was at a relatively high level. BPPR originated four community development loans totaling \$29.5 million, representing 2.8% of all BPPR's community development loans in the assessment area during the evaluation period. Investment test performance was below the High Satisfactory performance in Puerto Rico, as the bank did not have any community development investments or grants and donations.

Service test performance was consistent with the High Satisfactory rating in Puerto Rico. The bank operated three branches in the assessment area, of which none were located in LMI census tracts. The institution provided a relatively high level of community development services in the assessment area.

Facts and data reviewed, including performance, can be found in the tables accompanying this report in Appendix A. Conclusions regarding performance, which did not impact the overall rating, are as follows:

## U.S. VIRGIN ISLANDS

### CRA RATING FOR U.S. VIRGIN ISLANDS: SATISFACTORY

*The Lending Test is rated: Low Satisfactory*

*The Investment Test is rated: High Satisfactory*

*The Service Test is rated: High Satisfactory*

The major factors supporting the rating include:

#### LENDING TEST

- Lending levels reflected adequate responsiveness to assessment area credit needs.
- The geographic distribution of loans reflected adequate penetration throughout the assessment area.
- The distribution of borrowers reflected, given the product lines offered, adequate penetration among customers of different income levels and businesses of different sizes.
- Exhibited an adequate record of serving the credit needs of low-income individuals and areas and very small businesses.
- Made a relatively high level of community development loans.
- Made limited use of innovative and/or flexible lending practices in serving assessment area credit needs.

#### INVESTMENT TEST

- Made a significant level of qualified community development investments and grants, particularly those not routinely provided by private investors, occasionally in a leadership position.
- Made occasional use of innovative and/or complex investments to support community development initiatives.
- Exhibited good responsiveness to credit and community development needs.

#### SERVICE TEST

- Delivery systems were readily accessible to the bank's geographies and individuals of different income levels in its assessment area.

- Record of opening and closing of branches did not adversely affect the accessibility of its delivery systems, particularly to low- and moderate-income geographies and/or LMI individuals.
- Services were tailored to convenience and needs of its assessment area, particularly LMI geographies and/or LMI individuals.
- Provided an adequate level of community development services.

## **SCOPE OF EXAMINATION**

Examiner evaluation of BPPR's activities in the USVI consisted of a full-scope review of its USVI assessment area. BPPR's USVI full-scope area made up 2.4% of the deposits and 1.1% of the loans originated in the USVI assessment area during the review period.

## **DESCRIPTION OF INSTITUTION'S OPERATIONS**

BPPR operated eight retail branches in the USVI, representing 4.8% of BPPR's total branch network. Four of the branches in the USVI are located in moderate-income geographies. BPPR is one of only five banks in the USVI Non-Metropolitan assessment area. During the review period, approximately 1.1% of the bank's total loans were originated in the USVI. As of June 30, 2021, BPPR's USVI branches held \$1.9 billion in deposits, or 2.4% of the bank's total deposit volume. BPPR ranks first in deposit market share (44.5%) ahead of its principal competitor, FirstBank (30.9%). Other banks included Oriental Bank, United Fidelity Bank, FSB, and Merchants Commercial Bank.

## **PERFORMANCE CONTEXT**

The following demographic and economic information were used to describe the assessment area and to evaluate the context in which BPPR operates. The information was obtained from publicly available sources, including the 2006 - 2010 U.S. Census Bureau American Community Survey, 2010 U.S. Census Bureau, 2015 ACS, U.S. Department of Labor ("DOL"), D&B, FFIEC, USVI Bureau of Economic Research, USVI Bureau of Labor Statistics, and U.S. Department of Housing and Urban Development ("HUD").

### ***Demographic Characteristics***

The USVI assessment area included the islands of St. Croix, St. John, and St. Thomas. The assessment area comprised all of the USVI. According to the 2015 ACS, the population of the assessment area was 106,405. The assessment area consisted of 32 census tracts, of which one or 3.1% were low-income, seven or 21.9% were moderate-income, 16 or 50.0% were middle-income, five or 15.6% were upper-income, and three or 9.4% were of unknown-income.

### ***Income Characteristics***

Based on the 2015 ACS data, the USVI assessment area had 26,237 families, of which approximately 2.2% resided in low-income geographies and 25.3% resided in moderate-income geographies. According to the 2010 census data, approximately 27.0% of families residing in the USVI assessment area were considered low-income and 12.0% were moderate-income.

The FFIEC median family incomes for the islands comprising the USVI AA as of the 2015 ACS were as follows:

USVI - Median Family Income			
Area	2010 Median Family Income	2015 Median Family Income	Percent Change
USVI AA/Virgin Islands	\$45,058	\$45,058	0.00%
<i>Source: 2006 - 2010 U.S. Census Bureau American Community Survey 2011 - 2015 U.S. Census Bureau American Community Survey Median Family Incomes have been inflation-adjusted and are expressed in 2015 dollars.</i>			

### ***Housing Characteristics***

According to the 2010 Census, the USVI assessment area had 55,901 housing units, of which 37.0% were owner-occupied, 40.3% were rentals, and 22.7% were vacant. Of the total housing units, 1.6% were located in low-income tracts, 27.3% in moderate-income tracts, 50.7% in middle-income tracts, 20.4% in upper-income tracts, and 0.0% in unknown-income tracts.

According to the USVI Bureau of Economic Research, in 2019, the average sales price of condominiums in the USVI assessment area was \$242,175, up 15.8% from \$209,183 recorded in 2018. The St. Thomas-St. John district condominium average price was \$279,159 compared to \$200,290 one year earlier. Comparing the MFI to the average home price illustrated the challenges LMI individuals faced in obtaining affordable housing.

Housing Cost Burden: Data was not available for the USVI.

### ***Labor, Employment and Economic Characteristics***

According to D&B data, there were 1,028 businesses operating in the assessment area in 2019, of which 0.1% were located in low-income census tracts and 55.0% were located in moderate-income tracts. Of the total businesses operating in the assessment area, 82.0% were small businesses with a GAR of \$1 million or less, of which 0.1% were located in low-income geographies and 55.0% were located in moderate-income geographies.

In 2020, there were 1,614 businesses operating in the assessment area, of which 0.1% were located in low-income census tracts and 54.5% were located in moderate-income tracts. Of the total businesses operating

in the assessment area, 87.9% were small businesses with a GAR of \$1 million or less, of which 0.1% were located in low-income geographies and 54.1% were located in moderate-income geographies.

According to the USVI Bureau of Economic Research, unemployment in the assessment area was 11.1% in 2016, increased to 12.0% in 2017, decreased to 8.5% in 2018, decreased to 6.1% in 2019, increased to 8.7% in 2020, and increased to 8.8% in 2021.

According to the U.S. Bureau of Economic Analysis, the USVI economy was substantially affected by the COVID-19 pandemic due to its effects on spending by consumers, visitors, businesses, and governments. In 2020, exports of services, which historically consisted primarily of spending by visitors, decreased 43.5% and total visitor arrivals declined 58.5%, according to statistics from the USVI government. Additionally, private fixed investment decreased 27.7%, reflecting declines in business spending on construction and equipment. However, despite this decline, private-sector investment spending remained at an elevated level, supported by capital improvement projects ongoing in 2020 to resume oil refinery operations on St. Croix.

## CONCLUSIONS WITH RESPECT TO PERFORMANCE TESTS IN U.S. VIRGIN ISLANDS

### LENDING TEST

BPPR's lending test performance was rated *Low Satisfactory*. BPPR's lending levels activity in reflected adequate responsiveness to assessment area credit needs, the geographic distribution of loans reflected adequate penetration throughout the assessment area, the distribution of borrowers reflected, given the product lines offered, adequate penetration among customers of different income levels and businesses of different sizes, and the bank made a relatively high level of CD loans and made limited use of innovative and/or flexible lending practices in serving assessment area credit needs.

#### Lending Activity

Lending activity reflected adequate responsiveness to assessment area credit needs. During the evaluation period, the bank originated or purchased 36 home purchase loans, 35 refinance loans, six home improvement loans, and 764 small business loans. Lending activity in the USVI represented approximately 1.0% of the bank's total lending activity evaluated during this evaluation period.

Volume trends during the evaluation period indicated an annualized decrease in home purchase lending of 14.3%. However, total HMDA-related lending slightly increased by 2.6%. Annualized small business lending increased by 591.4% in the assessment area.

While BPPR collected and provided loan data for the CRA evaluation, HMDA loan data for loans originated or purchased in the USVI are not subject to regulatory reporting requirements. As a result, aggregate analysis was not conducted for HMDA data.

## **Geographic Distribution of Loans**

The geographic distribution of the bank's HMDA-related lending was adequate based on adequate penetration in LMI geographies, and the geographic distribution of small business lending was good based on good penetration in LMI tracts throughout the USVI assessment area.

BPPR's overall lending in the USVI is limited and HMDA-related lending volumes were insufficient to analyze on an individual product basis; therefore, HMDA-related lending was analyzed as a group and small business lending was analyzed separately. Small farm lending volumes were insufficient and excluded from the analysis. As complete demographic data from the 2010 Census is not available at the census tract level, the level of HMDA-related lending in LMI census tracts was compared to the percentage of LMI census tracts. Aggregate HMDA-related lending data were also not available for the USVI.

### *Home Purchase, Refinance, and Home Improvement Loans*

The geographic distribution of the bank's HMDA-related lending was adequate based penetration in LMI geographies. In 2020, no HMDA-related loans were made in the assessment area's one low-income census tract, which represented 3.1% of all census tracts. The bank made 22.4% by number and 19.0% by dollar of HMDA-related loans in moderate-income census tracts, which represented 21.9% of census tracts in the assessment area.

In 2019, 3.6% by number and 1.2% by dollar of all HMDA-related loans were made in the assessment area's one low-income census tract, which represented 3.1% of all census tracts. The bank made 14.3% by number and 11.6% by dollar of HMDA-related loans in moderate-income census tracts, which represented 21.9% of census tracts in the assessment area.

### *Small Business Loans*

The geographic distribution of small business loans was good based on penetration in both low- and moderate-income geographies in the assessment area. In 2020, the bank made 0.1% by number and 0.01% by dollar of small business loans in the assessment area's one low-income census tract, which represented 3.1% of all census tracts. The bank's small business lending performance in low-income census tracts was comparable to the demographic of 0.1% of businesses located in low-income census tracts and below the aggregate lending which made 0.2% by number and 0.3% by dollar of small business loans in low-income census tracts. The bank made 32.3% by number and 38.8% by dollar of small business loans in moderate-income census tracts, which represented 21.9% of all census tracts. BPPR's small business lending performance in moderate-income census tracts was below the demographic of 54.5% of businesses located

in moderate-income census tracts and exceeded the aggregate lending which made 27.4% by number and 35.0% by dollar of small business loans in moderate-income census tracts.

In 2019, the bank did not make any small business loans in the assessment area's one low-income census tract, which represented 3.1% of all census tracts which was comparable to the aggregate lending. The bank made 48.4% by number and 40.6% by dollar of small business loans in moderate-income census tracts, which represented 21.9% of all census tracts. BPPR's small business lending performance in moderate-income census tracts was below the demographic of 54.5% of businesses located in moderate-income census tracts but exceeded the aggregate lending which made 16.5% by number and 27.5% by dollar of small business loans in moderate-income census tracts.

### **Lending to Borrowers of Different Incomes and to Businesses of Different Sizes**

The distribution of borrowers reflected, given the product lines offered, adequate penetration among customers of different income levels and businesses of different sizes. Overall, HMDA lending to LMI borrowers was adequate and lending to businesses with gross annual revenues of \$1 million or less was adequate.

BPPR's overall lending in the USVI is limited and HMDA-related lending volumes were insufficient to analyze on an individual product basis. Therefore, HMDA-related lending was analyzed as one product group and small business lending was analyzed separately. Aggregate HMDA lending data were not available for the USVI.

#### *Home Purchase, Refinance, and Home Improvement Loans*

The distribution of HMDA loans was adequate based on penetration among LMI borrowers in the assessment area. Considering performance context factors noted in Housing Characteristics above, BPPR's HMDA-related lending performance to low-income borrowers was adequate overall when compared to the 27.0% of families in the USVI who are low-income and to the 12% of families in the USVI who are moderate-income.

In 2020, the bank originated 2.0% by number and 0.3% by dollar of all HMDA-related loans to low-income borrowers and 2.0% by number, 0.7% by dollar, to moderate-income borrowers in the assessment area. In 2019, the bank originated 3.6% by number and 1.6% by dollar of all HMDA-related loans to low-income borrowers and 17.9% by number, 7.9% by dollar, to moderate-income borrowers in the assessment area.

#### *Small Business Loans*

The distribution of small business loans to businesses of different sizes was adequate based on penetration among small businesses in the assessment area. In 2020, the bank originated 11.3% of loans by number and 15.7% by dollar to businesses with gross annual revenues of \$1 million or less. The bank's lending to small businesses was comparable to the aggregate, which made 15.0% by number and 9.0% by dollar and below the 87.9% percentage of businesses in the assessment area with gross annual revenues of \$1 million or less. The bank also originated 90.1% of loans to assessment area businesses in amounts of \$100,000 or less, which are typically considered more responsive to the credit needs of very small businesses.

In 2019, the bank originated 57.8% of loans by number and 35.1% by dollar to businesses with gross annual revenues of \$1 million or less. The bank's lending to small businesses exceeded the aggregate, which made 38.0% by number and 29.3% by dollar and below the 82.0% percentage of businesses in the assessment area with gross annual revenues of \$1 million or less. The bank also originated 65.6% of loans to assessment area businesses in amounts of \$100,000 or less, which are typically considered more responsive to the credit needs of very small businesses.

## Community Development Lending

Banco Popular made a relatively high level of community development loans in the USVI. During the evaluation period, community development lending in the USVI totaled 13 loans for \$78.7 million.

On an annualized basis, the bank increased the dollar amount of loans by 12.8% from the previous examination in which the bank originated 25 qualified loans for approximately \$107.8 million. The bank's lending was responsive to some of the community development needs within the USVI. Within the assessment area, CD lending efforts were distributed among community services and revitalization and stabilization. No loans addressed affordable housing which was identified as a significant assessment area need.

Examples of community development lending included the following:

- Four loans for \$36.3 million to fund critical infrastructure to be provided to LMI individuals and areas in the USVI.
- A \$30 million loan to USVI Public Finance Authority to support the local government of the USVI, ensuring the ability to continue to provide critical government services in distressed and LMI areas of the USVI.

## INVESTMENT TEST

BPPR's performance in the USVI is based on the following summary and was rated *High Satisfactory*. The bank made a significant level of qualified CD investments and grants, particularly those not routinely provided by private investors, occasionally in a leadership position. The bank made occasional use of innovative and/or complex investments to support CD initiatives. The bank exhibited good responsiveness to credit and CD needs.

During the review period, the bank made 50 qualified CD investments totaling \$1.3 million in the USVI, which included 12 investments totaling \$1.0 million and 38 donations totaling \$300,000. This represented an annualized 717.2% increase in investment dollars between the previous and current examinations.

The bank's CD investments included grants to responsive and innovative programs geared towards meeting economic development needs and other community needs after the natural disasters and the COVID-19 pandemic. Examples of CD investments in the USVI included the following:

- Investments of \$1 million in MBS benefitting the USVI.
- A \$2,500 grant to the American Red Cross of the U.S. Virgin Islands to help with disaster and emergency response.
- A \$5,000 donation to a Small Business Development Center that provided technical assistance to the USVI business community.

## SERVICE TEST

BPPR's performance under the service test in the USVI is rated *High Satisfactory* based on delivery systems that were readily accessible to the bank's geographies and individuals of different income levels in the assessment area, changes in branch locations did not adversely affect accessibility, services did not vary in a way that inconvenienced the needs of the assessment area, and hours and services were tailored to the convenience and needs of its assessment area. The bank provided an adequate level of community development services within the assessment area.

## Retail Services

BPPR's delivery systems in the USVI were readily accessible to all geographies of the assessment area, when compared with the percentage of the assessment area's population residing in LMI geographies. BPPR operated eight branches in this assessment area, of which four branches, or 50.0%, were located in moderate-income areas, compared to 28.8% of the assessment area's population residing in LMI areas. Alternative delivery systems somewhat enhanced the bank's performance in this assessment area. BPPR used multiple alternative delivery systems, including bank-by-mail, internet banking, mobile banking, and 24/7/365 live customer service.

During the evaluation period, no branches were opened, closed, or relocated. BPPR's hours and services were tailored to the convenience and needs of its assessment area. During the review period, the number of branches with extended hours on Friday increased from zero to seven branches, and Saturday and holiday hours were available at three branches in this assessment area, one of which was in a moderate-income geography.

## Community Development Services

BPPR provided an adequate level of community development services in the USVI. The bank provided 18 qualified CD service activities which included five board and committee memberships and provided an educational seminar to entry-level entrepreneurs, small businesses, and individuals thinking about starting a business through the Virgin Islands Small Business Development Center.

## APPENDIX E

### GLOSSARY

**Aggregate lending:** The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

**Census tract:** A small, relatively permanent statistical subdivision of a county or statistically equivalent entity delineated for data presentation purposes by a local group of census data users or the geographic staff of a regional census center in accordance with Census Bureau guidelines. Designed to be relatively homogeneous units with respect to population characteristics, economic status, and living conditions at the time they are established, census tracts generally contain between 1,000 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries are delineated with the intention of being stable over many decades, so they generally follow relatively permanent visible features. However, they may follow governmental unit boundaries and other invisible features in some instances; the boundary of a state or county (or statistically equivalent entity) is always a census tract boundary.

**Community development:** Affordable housing (including multifamily rental housing) for low- or moderate-income individuals; community services targeted to low- or moderate-income individuals; activities that promote economic development by financing businesses or farms that meet the size eligibility standards of the Small Business Administration's Development Company or Small Business Investment Company programs (13 CFR 121.301) or have gross annual revenues of \$1 million or less; or, activities that revitalize or stabilize low- or moderate-income geographies.

Effective September 1, 2005, the Board of Governors of the Federal Reserve System, Office of the Comptroller of the Currency, and the Federal Deposit Insurance Corporation have adopted the following additional language as part of the revitalize or stabilize definition of community development. Activities that revitalize or stabilize-

1. Low-or moderate-income geographies;
2. Designated disaster areas; or
3. Distressed or underserved nonmetropolitan middle-income geographies designated by the Board, Federal Deposit Insurance Corporation, and Office of the Comptroller of the Currency, based on-
  - a. Rates of poverty, unemployment, and population loss; or
  - b. Population size, density, and dispersion. Activities that revitalize and stabilize geographies designated based on population size, density, and dispersion if they help to meet essential community needs, including needs of low- and moderate-income individuals.

**Consumer loan(s):** A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

**Distressed or Underserved Non-Metropolitan Middle-Income Area:** A middle-income, nonmetropolitan geography that is distressed due to economic factors, such as unemployment levels, poverty, or population loss, or is underserved based on population size, density and dispersion.

**Family:** A family is a group of two or more people related by birth, marriage, or adoption and residing together; all such people (including related subfamily members) are considered as members of one family.

**Full Review:** Performance under the Lending, Investment, and Service Tests is analyzed considering performance context, quantitative factors (for example, geographic distribution, borrower distribution, and total number and dollar amount of investments), and qualitative factors (for example, innovativeness, complexity, and responsiveness).

**Geography:** A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

**Home Mortgage Disclosure Act (HMDA):** The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and income of applicants, the amount of loan requested, and the disposition of the application (e.g., approved, denied, and withdrawn).

**Home mortgage loans:** Includes home purchase and home improvement loans as defined in the HMDA regulation. This definition also includes multifamily (five or more families) dwelling loans, loans for the purchase of manufactured homes, and loans to refinance home improvement and home purchase loans.

**Household:** A household consists of all the people who occupy a housing unit. A household includes the related family members and all the unrelated people, if any, such as lodgers, foster children, wards, or employees who share the housing unit. A person living alone in a housing unit, or a group of unrelated people sharing a housing unit such as partners or roomers, is also counted as a household. The count of households excludes group quarters.

**Limited-scope review:** Performance is analyzed using only quantitative factors.

**Low-income:** Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent, in the case of a geography.

**Market share:** The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

**Metropolitan area (MA):** A metropolitan statistical area (MSA) or a metropolitan division (MD) as defined by the Office of Management and Budget. A MSA is a core area containing at least one urbanized area of 50,000 or more inhabitants, together with adjacent communities having a high degree of economic and social integration with that core. A MD is a division of a MSA based on specific criteria including commuting patterns. Only a MSA that has a population of at least 2.5 million may be divided into MDs.

**Middle-income:** Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 percent and less than 120 percent, in the case of a geography.

**Moderate-income:** Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 percent and less than 80 percent, in the case of a geography.

**Multifamily:** Refers to a residential structure that contains five or more units.

**Other products:** Includes any unreported optional category of loans for which the institution collects and maintains data for consideration during the CRA evaluation. Examples of such activity include consumer loans and other loan data an institution may provide concerning its lending performance.

**Owner-occupied units:** Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

**Qualified investment:** A qualified investment is defined as any lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

**Rated area:** A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

**Small loan(s) to business(es):** A loan included in 'loan to small businesses' as defined in the Consolidated Report of Condition and Income (Call Report) and the Thrift Financial Reporting (TFR) instructions. These loans have original amounts of \$1 million or less and typically are either secured by nonfarm or nonresidential real estate or are classified as commercial and industrial loans. However, thrift institutions may also exercise the option to report loans secured by nonfarm residential real estate as 'small business loans' if the loans are reported on the TFR as nonmortgage, commercial loans.

**Small loan(s) to farm(s):** A loan included in 'loans to small farms' as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland or are classified as loans to finance agricultural production and other loans to farmers.

**Upper-income:** Individual income that is more than 120 percent of the area median income, or a median family income that is more than 120 percent, in the case of a geography.

## CREDIT ACCOUNTS DESCRIPTION 2023

### **Personal Loans**

Apply for a personal loan<sup>1</sup> for anything you want.

#### ***Features:***

- You could get a reply and your money the same day<sup>2</sup>
- 0 payments for the first 90 days<sup>3</sup>
- Discount when you enroll in for Direct Payment<sup>4</sup>
- Direct disbursement to your Popular account<sup>5</sup>

1Subject to credit approval and to the parameters established by the Bank. Certain restrictions apply.

2Same-day credit decision for applications that contain all the information necessary for evaluation and are received on business days, Monday to Friday from 8:00 a.m. to 1:00 p.m. EST. Same-day disbursement subject to branch hours and to the customer meeting all approval requirements. Other restrictions apply.

3You have the option to start paying your loan up to 90 days after disbursement; however, this does not constitute a forgiveness of interest accrued during this period; said interests will be prorated for the term of the loan. If any applicant is a covered debtor as defined by the Military Lending Act, the availability of this option is subject to the provisions of that Act.

4A discount from 0.25% up to .50% when you enroll in Direct Payment, may vary by products. Certain restrictions apply.

5Direct loan disbursement to your Popular account requires registration in Mi Banco to process the deposit electronically and applies only to loans with a single debtor. If the purpose of the loan is to consolidate debts, the electronic disbursement will only allow the consolidation of debts with Banco Popular and the deposit of the surplus, if any, to a Popular account. Popular may require you to close the credit accounts you are consolidating. Other terms and conditions may apply.

### **Lines of Credit**

#### **Reserve Line of Credit**

Reserve line of credit<sup>1</sup> Avoid overdrafts and cover unexpected expenses.

- Popular Plus®

## How does it work?

Once you apply and are approved, the reserve line of credit will be activated automatically once your checking section balance falls to zero. It can be approved for amounts from a minimum of \$500 to a maximum of \$50,000.

The Annual Percentage Rate (APR) for using the reserve line of credit is 17.99% <sup>1</sup>. The minimum monthly payment on the line is calculated at the end of each monthly cycle and is automatically debited from the checking account linked to it.<sup>2</sup>

You can also make electronic payments through [Mi Banco Online](#), by calling Telepago Popular® at 787-724-3652 or 1-888-724-3652. or in any of our [sucursales](#).

<sup>1</sup>Subject to credit approval. The 17.99% APR is fixed.

<sup>2</sup>The checking account balance must cover the minimum monthly payment of the reserve line of credit, if any. You can make payments to the reserve at any moment and the Bank will also make consecutive monthly debits to the account if a balance is owed at the end of each billing cycle. If at the end of the billing period, there is no balance available to make the minimum monthly payment you will be in default. This would affect your credit history, and your reserve line may be canceled. For additional information about this product, contact us at the telephone numbers mentioned above. If you already are an account holder of the mentioned accounts offering this product, you may also refer to your Deposits Account Agreement for more details.

## Individual Credit Cards

### **Visa ICON**

Visa ICON<sup>1</sup> could be your first step towards building good credit history. The way you manage your credit today will be the foundation of your financial life.

How does a credit card work?

- Credit cards allow you to make purchases today and pay for them later. Credit is the money the bank lends you to buy those products or services when you need them.
- Every month you will receive an account statement detailing all the transactions carried out in that period of time. It will include your balance, minimum payment, and due date, among other information.

How can Visa ICON help you build good credit?

- Stay within the credit limit assigned. Visa ICON credit line starts at \$500, all the way up to \$1,500.
- Pay the minimum monthly amount on or before the due date.
- Try to pay a little more than the minimum payment.
- Review your account statements.

- Keep your purchase receipts and compare them to your account statement. If you notice any unauthorized charges, notify the bank immediately.

### ***Other benefits:***

- 1.99% introductory APR on purchases for the first 6 months.<sup>2</sup>
- 0% introductory APR and 0 payments for balance transfers for 12 months, for transfers made during the first 90 days of account opening.<sup>3</sup>
- 17.99% to 30.99% APR on purchases and transfers
- \$0 Annual Fee<sup>1</sup>

<sup>1</sup>The APR is variable and may change. The APR applicable for purchases, balance transfers from other institutions and convenience checks is from 17.74% up to 30.74%. The APR applicable to cash advances will be from 28.74% up to 32.74%. The APR will be determined by adding the value of the United States Prime Rate as published by the Wall Street Journal plus a margin. The APR will vary and depend on your credit history and the Prime Rate applicable at the time your application is reviewed. Late payment charges up to \$40. Returned check fee up to \$10. Regular charge for cash advances, balance transfers and convenience checks: 2% of the amount: \$2 minimum, \$10 maximum. Grace period from 21 days for purchases. Balance is calculated based on the average daily balance (including new purchases).

<sup>2</sup>Subject to credit approval. Offer valid until March 31, 2023 and only for new accounts. ## **AA Advantage® Visa Signature Plus**

For those who believe in having more than one destination.

### **Features:**

- AAdvantage® miles for every \$1 in purchases on American Airlines, in hotels (includes hostels, resorts, timeshares, and Airbnb), and car rentals.<sup>1</sup>
- 1 AAdvantage® mile for every \$1 spent on other purchases.<sup>1</sup>
- No limit to the number of AAdvantage® miles you can earn on purchases using the Popular / AAdvantage® Signature Plus card.
- Up to 50,000 AAdvantage® welcome bonus miles 40,000 after making \$3,000 in purchases within the first 90 days after opening the account and an additional 10,000 after making \$25,000 in purchases within the first 12 months of opening the account.<sup>2</sup>
- 1.99% introductory APR on purchases during the first 6 months.<sup>3</sup>
- 0% introductory APR and 0 payments on balance transfers for 12 months on transfers made within the first 90 days of opening the account.<sup>4</sup>
- \$50 annual fee
- 17.99% to 30.99% variable APR on purchases and balance transfers.

<sup>1</sup>Earn three (3) AAdvantage® miles for each \$1 spent on purchases at eligible American Airlines purchases items billed by American Airlines as merchant of record booked through American Airlines channels (AA.com, American Airlines reservations, and American Airlines airport and city ticket counters). Additionally, earn 3 miles on hotels and car rentals. Each merchant — e.g., a retailer, business or any other place where you can make a purchase — is assigned a code that indicates the merchant's primary area of business. We don't assign or have any control over merchant codes. Codes are assigned by a third party. When you make a purchase at a merchant, we're provided the code for that merchant and if the code matches a category that gives you additional miles, you will earn the additional miles. Because we don't control what code a merchant is assigned, sometimes a purchase that you think fits a certain category may not earn additional miles. Banco Popular reserves the right to determine which purchases qualify for this offer. Earn one (1) AAdvantage® mile for every \$1 spent on all other purchases. Miles may be earned on purchases made by primary credit card members and Authorized User(s). Balance transfers, cash advances, checks that access your credit card account, items and services returned for credit, unauthorized charges, interest and account fees, traveler's checks, purchases of foreign currency, money orders, wire transfers (and similar cash-like transactions), lottery tickets, and gaming chips (and similar betting transactions) do not earn miles. Miles earned will be posted to the primary credit cardmember's AAdvantage® account in 8-10 weeks. There is no limit to the number of AAdvantage® miles you can earn on purchases using the Popular / AAdvantage Signature Plus as long as the program continues, and your account remains open and in good standing.<sup>2</sup> Only applies to new accounts. AAdvantage® miles will appear as a bonus in your AAdvantage® account 8-10 weeks after purchase requirement is met. Your account must be open and in good standing to qualify for AAdvantage bonus miles. This limited-time offer may be cancelled at any time without notice. Bonus miles offer does not apply to product change. From time to time, we could offer a better welcome bonus offer, for a limited time.<sup>3</sup> Subject to credit approval. Offer valid until March 31, 2023 and only for new accounts. Introductory rate of 1.99% annual percentage rate (APR) for purchases is valid for 6 months from the date the account was opened. After this offer expires, the regular rate for purchases will apply to the balance owed and to new purchases. Not valid with any other offers. Your account must be kept open and up to date until expiration of the offer or the offer will be voided.<sup>4</sup> Subject to credit approval. Offer applies to accounts opened until March 31, 2023. Introductory rate of 0% APR and 0 payment for balance transfers is valid from the transfer date for 12 months for balance transfers made within the first 90 days of account opening. Upon expiration of the offer, the regular rate for balance transfers will apply to the balance owed and to new transfers. Not valid for transfers of other debts with Banco Popular. Subject to credit line availability. There is no grace period for balance transfers. Your account must be open and up to date until offer expires, or the offer will be void. Requires minimum monthly payment of purchase balance and other balances not included in this offer.

## **Commercial Loans and Credit Lines**

### **Commercial Loan**

#### ***What can you do with a Commercial Loan<sup>1</sup>?***

With a commercial loan you can obtain financing to expand your business, buy property and/or equipment, and refinance your debts. In addition, we offer you the alternative of obtaining financing with a government guarantee.

- Competitive interest rates and convenient payment plans
- Comfortable automatic debit option
- Terms for more than a year

Our experts will guide you on the possibility of guaranteeing the loan through programs offered by the Small Business Administration (SBA). As an SBA-accredited preferred lender we offer term-loan alternatives of up to \$5,000,000 with a guarantee starting at 50%<sup>2</sup>.

<sup>1</sup> Any extension of credit, whether through credit cards, lines of credit or loans, is subject to credit approval. Certain conditions apply.

<sup>2</sup> A 100% of the financing will be evaluated according to SBA requirements for established businesses with adequate capitalization. Other terms and conditions may apply.

### **Government Guaranteed Loans**

We offer financing through the Small Business Administration (SBA) that eases the access to loans to solve your credit needs. Banco Popular is an accredited SBA preferred lender and is ranked #1 among banks in Puerto Rico and the Virgin Islands, in originating SBA-guaranteed loans.

#### ***Benefits:***

- Finances up to 90% of your the project
- Lower interest rates than commercial loans not secured by the SBA
- Greater term to maturity than business loans with the SBA guarantee, depending on the purpose of the loan
- The SBA offers managerial capacitation programs
- Full amortization without balloon payment

### **Line of credit**

#### **What is a Line of Credit<sup>1</sup> and what advantages can you obtain?**

The line of credit is a type of financing that gives you access to a certain amount of funds in case you need cash and provides you with the convenience of being able to access the funds when necessary. In addition, we offer you the alternative of obtaining financing with a government guarantee.

- Financing for working capital
- Generally revolving credit, that matures every 12 months
- Pay interest over the amount used
- Comfortable automatic debit option

***In addition, we have a line of credit tied to your commercial account<sup>1</sup> that offers you:***

- Cash flow availability to cover expenses<sup>3</sup>
- Protection against checks without funds, late payments and unexpected fees<sup>3</sup>
- Convenient automatic fund advances in your business account<sup>3</sup>

<sup>1</sup> Any extension of credit, whether through credit cards, lines of credit or loans, is subject to credit approval. Certain conditions apply.

<sup>3</sup> Subject to availability of funds in the line of credit. Other terms and conditions may apply.

## **Mortgage Loans**

### **FHA Loan**

This loan is insured by the Federal Housing Administration (FHA). You can finance up to 96.5% of your primary residence's sales price, which lowers the amount of your down payment. The maximum amount approved will depend on the municipality where the property is located.

### **VA Home Loan**

This option allows you to finance or refinance up to 100% of the property's price or appraised value and it's guaranteed by the Veterans Administration (VA). You must meet the agency's eligibility and qualification requirements. This loan may require payment of a funding fee.

### **Streamline**

The mortgage application and approval process is simpler because a new appraisal is not required. To apply, you must meet the eligibility requirements set by HUD, VA, and Rural Development.

### **Rural Development**

It is available for purchasing a residence in eligible rural areas. This loan offers considerable savings, as it requires no down payment as long as the property's appraised value is equal to or greater than the sales price. It's guaranteed by the United States Department of Agriculture (USDA). A refinancing option is also available for loans that were originally guaranteed by the USDA.

## **Home Style Conventional Mortgage1 ( Fannie Mae)**

This loan is available for primary residences, second homes and investment properties. You have up to three months after closing to complete the repairs or improvements.

## **FHA 203k3**

Buy or refinance to repair damage and make improvements. You could finance up to 110% of your property's projected appraisal value.

## **Homebuyer Dream Program (Federal Home Loan Bank)**

The Homebuyer Dream Program (HDP) is a Homeownership Set-Aside program managed within regulatory requirements established by the Federal Housing Finance Agency (FHFA) 12 C.F.R. Part 1291, as may be amended from time to time (AHP Regulation). The HDP provides funds in the form of a grant to be used towards down payment and closing cost assistance to first-time homebuyers earning at or below 80% of the Area Median Income (AMI) and purchasing homes in New York, New Jersey, Puerto Rico or the U.S. Virgin Islands.

The HDP offers grants up to \$10,000. The FHLBNY will grant up to \$9,500 towards down payment and closing cost assistance to eligible first-time homebuyers purchasing a home through one of our approved community-based, member lenders. Additionally, the Homebuyer Dream Program® offers up to \$500 towards the defrayment of homeownership counseling costs which will be provided for the use of the household via the member to the non-profit counseling agency. The amount of the defrayment will be added to the grant.

The HDP is administered as an annual round through participating FHLBNY members.

By offering the HDP in your institution, some of the advantages and benefits include:

- Creating homeownership opportunities in members' communities
- Increasing your residential lending opportunities
- Enhancing public relations
- Improving CRA credit

## **HOME**

The HOME Investment Partnerships Program (HOME) provides grants to state and municipalities to promote homeownership to low-income families. This grant is used toward down payment and/or closing costs. They are provided by the Puerto Rico Housing Authority statewide and directly from HUD to entitlement municipalities: Caguas, San Juan, Arecibo, Mayaguez, Ponce, Trujillo Alto, Guaynabo, Toa Baja and Aguadilla.

## **Section 8 to Homeownership (Housing Choice Voucher)**

The Housing Choice Voucher homeownership program allows families that are assisted under the Section 8 Program to use their voucher to buy a home and receive monthly assistance in meeting homeownership expenses. This program is available only to families that have been admitted to the Housing Choice Program and its available on some jurisdictions. To participate homeownership program, the family must meet specific income and employment requirements (the employment requirement does not apply to elderly and disabled families) and be a first-time homeowner as defined in the regulation.

## **NSP (Neighborhood Stabilization Program)**

HUD's Neighborhood Stabilization Program provides emergency assistance to state and local governments to acquire and redevelop foreclosed properties that might otherwise become sources of abandonment and blight within their communities. The Neighborhood Stabilization Program (NSP) provides grants to every state, certain local communities, and other organizations to purchase foreclosed or abandoned homes and to rehabilitate, resell, or redevelop these homes in order to stabilize neighborhoods and stem the decline of house values of neighboring homes. The program is authorized under Title III of the Housing and Economic Recovery Act of 2008. Very low, low to moderate and median income families received a discount of appraisal value to use toward down payment for the purchase of the rehabilitated property.

## **Homebuyer Assistance Program (HAP) – CBDG-DR Funds**

The Program utilizes CBDG-DR funds to provide direct assistance to homebuyers to facilitate and expand homeownership by using such assistance to:

- Subsidize interest rates and mortgage principal amounts
- Pay up to 100 percent (100%) of the down payment required by the mortgage for the purchase on behalf of the purchaser

- Pay reasonable closing costs associated with the home purchase on behalf of the purchaser for LMI homebuyers only
- The following are the maximum awards:
  - Non-Critical Recovery Workforce – a maximum of forty-five thousand dollars (\$45,000) per eligible household; and
  - Critical Recovery Workforce – a maximum of fifty-five thousand dollars (\$55,000) per eligible household with CRW members.
  - In addition, the Program will provide an additional redevelopment incentive of up to five thousand dollars (\$5,000) not to exceed the established Program cap for eligible households who elect to purchase a home in a designated urban center certified by Puerto Rico Department of Housing (PRDOH).

<sup>1</sup>Overdraft, insufficient funds, or unavailable funds charges will not be applied. Likewise, the Overdraft Policies of Banco Popular de Puerto Rico will not apply to, nor will they be available for this account. This means that we will decline and return as unpaid those transactions for which you do not have sufficient funds in your account. Although we will not allow you to overdraw your account in most cases, it is possible for your account to have a negative balance; however, in those cases, we will not charge you overdraft fees. This could occur, for example, when you authorize a payment with your debit card for an amount less than the amount received by the bank for your payment (for example, the added tip for a payment at a restaurant).

<sup>2</sup>If you do not make transactions in your deposit account (deposits, withdrawals, payments), inactivity charges will not be applied. However, the inactivity period remains in place, thus it is important that you continue making transactions in your account to avoid its status changing to inactive and your money being remitted to the Commissioner of Financial Institutions (OCIF, by its Spanish acronym), in accordance with the applicable laws and regulations. As a reminder, if you do not make any transactions in a 6-month period, your account will be considered inactive.

<sup>3</sup>You can use Easy Deposit service only at ATMs that feature the Easy Deposit logo. All cash deposited before 9:30 p.m. on business days will be available immediately for all types of transactions. Cash deposits made after 9:30 p.m. on business days and on non-

business days will only be available for purchases or withdrawals using the ATH® debit card. Checks deposited before 6:00 p.m. on a business day will be processed the same business day, subject to deposit verification and validation. To learn more about the availability of funds on deposited checks, please refer to the Bank's Policy for Availability of Funds at any of our branches or in the Deposit Account Agreement.

<sup>4</sup>Retiro Móvil is a service offered by Banco Popular de Puerto Rico. This is a free service for customers who have an individual deposit account and/or business account (FlexiCuenta de Negocios y B-Smart) of Banco Popular and are registered in the Mi Banco Mobile application. To withdraw cash, you must have an active ATH® or ATH® International Banco Popular debit card. Non clients will be able to collect the cash at one of Banco Popular's ATMs once they download the Mi Banco Mobile application and select Retiro Móvil. This service is available at all Banco Popular ATMs. Withdrawals are subject to the availability of funds of your account. Refer to the Funds Availability Policy at any of our branches. Customers can also refer to their Deposit Accounts Contract. Mi Banco Mobile is a service offered by Banco Popular de Puerto Rico and is free of charge. You should check with your mobile service provider if charges for data transmission apply.

<sup>5</sup>Subject to the availability of funds in your account.

<sup>6</sup>Deposits are subject to the provisions of the Bank's Fund Availability Policy. Mobile Easy Deposit is a free service and only for customers with commercial accounts (FlexiCuenta de Negocios® & B-Smart®) and/or individual deposit accounts in Banco Popular. Customers are selected according to the Bank's eligibility criteria. Checks deposited before 6:00 p.m. on a business day will be processed the same business day, subject to verification and validation of the deposit. In the back of the check to be deposited, you must include: signature, account number and the phrase "For Deposit Only at BPPR".

<sup>7</sup>Alerts and notifications by SMS is a free service Banco Popular de Puerto Rico offers its clients. Charges may apply for text messages or data excess according to your cell service plan. Check with your service provider to find out more about your plan.

<sup>1</sup>Member FDIC. Product offered by Banco Popular de Puerto Rico. Penalties for cancellation before expiration: If the term is less than 365 days: 90 days of interest. If the term is 365 days or more: 180 days of interest.

## **CD5**

Is a 5-year Certificate of Deposit with automatic rate that increases every six months.

It allows you to withdraw your money anytime, with no penalties or charges.

**Benefits:**

- The interest rate increases automatically every six months regardless of market fluctuations, offering you more security.
- The interest generated in the certificate can be credited to your Banco Popular checking or savings account or capitalized in the certificate.
- CD5 allows a partial withdrawal<sup>1</sup> up to 25% of your initial deposit.
- Minimum opening balance: \$5,000<sup>2</sup>.

<sup>1</sup>Partial withdrawal may reduce earnings in the Certificate.

<sup>2</sup>Once the Certificate has been opened, no additional deposits are allowed.

## BPPR's Assessment Area - Puerto Rico & USVI

# Declaraciones CRA/HMDA

Las declaraciones de CRA y HMDA son preparadas anualmente por toda institución designada como “Grande”; y la institución que regula dicho banco hace pública esta información. Las declaraciones de CRA y HMDA contienen información sobre los préstamos y los niveles de ingreso de la población de cada condado donde el banco ejerce operaciones. Estos documentos están disponibles para su revisión en la página de internet del *Federal Financial Institution Examination Council* (FFIEC).

Banco Popular de Puerto Rico, principal subsidiaria de Popular, provee servicios bancarios al detal, hipotecarios y comerciales en Puerto Rico e Islas Vírgenes. Miembro del FDIC.

## Declaración de la Divulgación de CRA

La declaración de CRA contiene información básica por estado sobre el número y cantidad de préstamos (originados o comprados por el banco) reportados para pequeños negocios, pequeños sectores agrícolas y desarrollo comunitario.

Para ver esta información, visite la página <https://www.ffiec.gov/>. Deberá proveer el “Año” que desea revisar, el “Número de Identificación” y el “Nombre” del banco.
