The terms and conditions of the Designated Account Agreement can be incorporated in this contract for reference. In case of a conflict between the terms and conditions of this Service Agreement and those of the Designated Account Agreement, the Account Agreement will prevail and, thus, the terms and conditions of this Service Agreement will be interpreted as complimentary to those of the Designated Account Agreement. The disclosures and notices regarding your rights and responsibilities under certain financial laws, including those referred to herein, can vary depending on the financial institution of the account in question. Please refer to the Electronic Funds Transfers Disclosures for further information.

A. Description and Enrollment to the Services

TelePago Popular®

TelePago Popular® is a service through which you instruct the Bank to debit the Designated Account for the amount corresponding to periodic payments to your creditors or the amount corresponding to transfers of funds among accounts initiated by you, as set forth further on in this Agreement. To register for the TelePago Popular® service, enroll in the Internet Banking service or call 787- 724-3652/1-888-724-3652. Hearing impaired clients (TDD) can call 787-753-9677 or 1- 800-981-9666. You can also visit any branch to fill out a registration form stating specific information regarding the Designated Account and the accounts that you wish to include in the TelePago Popular® service.

Registration for the TelePago Popular® service is automatic when the Designated Account is a Commercial Account of the Bank enrolled in the Mi Banco Comercial service.

Enrolling in the TelePago Popular® service does not automatically enroll you in the Internet

V. OFFERED SERVICES

This Service Agreement describes the basic electronic banking services provided under the Internet Banking, Mi Banco Comercial and TelePago Popular® services. Other electronic banking services can be available depending on which services you subscribe to and utilize, and depending on which financial institution you hold the Designated Account. The Bank can also include additional electronic banking services in the future. All present and future electronic banking services will be governed by the terms and conditions of this Service Agreement and the Designated Account Agreement.

Payments through TelePago and AutoPay Service through Internet Banking and Mi Banco Comercial

You can use the Service to make payments to available creditors designated by you. When you give the Bank instructions to make payments, the Bank can debit the Designated Account and will 1) credit the creditor's account with the Bank; 2) electronically send the creditor the payment; or 3) send an official check by regular mail to the creditor, as the Bank determines.

Payment Categories that can be made through the TelePago Service:

1. Automatic Payments – These payments allow you to preauthorize the Bank to make periodic Payments without having to give additional instructions each time you want the Bank to make a Payment. Automatic Payments can be:

a. **Fixed.** You can authorize the Bank to debit from the Designated Account a fixed amount for a set period of time. Fixed automatic payments require that you set the day on which you want the Bank to debit the Designated Account and the period of time for which the Bank will make the debits. For example, you can instruct the Bank to pay the set amount of \$20.00 to your credit card account on the 15th of each month for a period of 18 months.

b. **Variable.** You can authorize the Bank to debit from the Designated Account a dollar amount that can vary during each billing period. For example, you can instruct the Bank to pay the minimum monthly payment reflected on your credit card statement (which will vary depending on the average daily balance of the credit card account). The Bank will provide you with notice of the amount and date of payment at least ten (10) days prior to the effective Payment date, unless you have indicated pre-established amounts the Bank is authorized to pay, in which case, the Bank will provide you ten (10) day advance notice only if the payment amount falls outside the pre-established amounts.

2. One-Time Payments – For easy payments, you can give the Bank instructions regarding the exact amount and date the payment is to be made, each time you access the Service.

Automatic Payment Categories to credit cards of the Bank that can be made through the AutoPay Service:

A. New total balance payment:

By selecting the automatic payment option "New Total Balance", you authorize the Bank to debit the Designated Account for the new total balance shown on the credit card account statement. This payment could vary each month so you can establish a maximum amount to be debited from your Designated Account. To use this option you must have a deposit account with the Bank.

B. Minimum amount payment:

By selecting the automatic payment option "Minimum Payment", you authorize the Bank to debit the Designated Account for the minimum amount shown on the credit card account statement. This amount could vary each month. To use this option you must have a deposit account with the Bank.

C. Fixed amount payment:

When selecting the automatic payment option "Fixed Amount", the Bank will debit the Designated Account for the fixed amount assigned. If the fixed amount is lower than the minimum payment in your account statement, you must make additional payments to complete the minimum payment. Otherwise, penalties related to your Credit Account Agreement can apply.

You acknowledge that some of the fixed automatic payments can vary while the Service is in effect. **IF A CHANGE OCCURS IN THE AMOUNT OF THE FIXED PAYMENT, FREQUENCY OR ACCOUNT NUMBER WITH THE PAYEE, IT IS EXPRESSLY AGREED THAT IT IS YOUR RESPONSIBILITY TO MAKE THESE CHANGES.** This notice of change must be made 10 days before the effective day of the payment, for the adjustment to be made before the date designated for the processing of the payment. The adjustment in the payment will not be effective until the Bank receives and processes the notice of the change. The Bank will not be liable for discrepancies in any fixed payments made before receiving and processing the described notice of change.

You also acknowledge that in the case of automatic payments to installment loans (personal or mortgage loan payments with the Bank or any other financial institution), the last installment could include late charges, penalties and other charges accumulated and not satisfied during the life of the loan. You expressly authorize the Bank to debit from the Designated Account the total amount of the last loan installment payment, including the previously described charges.

The Bank provides an estimated date in which the payee will receive a payment. You must instruct the Bank or designate a payment date prior to the due date with sufficient time to process the delivery. The Bank will not be liable or guarantee that the payment can be processed, transferred or sent before the due date. Also, the Bank will not be liable for: (a) errors or delays by the creditor in crediting payments made through the Service (b) delays in the delivery and processing of payments caused by the Postal Service. In either of the two cases previously mentioned, the Bank's responsibility is limited to: (a) diligently investigate the processing record of the payment in controversy and (b) notify you with the results of said investigation within a period of ten (10) business days from the date in which you submitted your request for an investigation of the payment in controversy.

The Bank will not be liable for payments not accepted by the creditor. If the Bank is notified by the creditor that the payment was not accepted, the Bank's responsibility will be limited to: (a) reverse the debit for the corresponding rejected payment on the same day in which the returned payment is received and (b) notify you of the rejection of the Payment no later than the following business day in which the returned payment is received.

IT IS EXPRESSLY AGREED THAT THE BANK WILL NOT BE LIABLE FOR LATE CHARGES OR ANY TYPE OF PENALTY THAT THE CREDITOR IMPOSES ON YOU, OR FOR DAMAGES OR INCONVENIENCES OF ANY KIND WHATSOEVER SUFFERED BY YOU AS A CONSEQUENCE OF PAYMENTS MADE AFTER THEIR DUE DATE, IF SAID DELAY IN THE PAYMENT IS ATTRIBUTABLE TO A LATE NOTICE FROM THE CLIENT. If you fail to comply with the obligation of notifying the Bank the amount and date when any variable payment will be made, the Bank's obligation to provide the Service for said payment will end. If the Designated Account is a Personal Account, you will also be able to obtain information about the Bank's liability and error resolution procedures, in the Electronic Funds

Transfers Disclosures and/or your Designated Account Agreement.

Transfers

You can issue instructions to the Bank to perform Transfers between your Designated Account and other authorized accounts. Based on your instructions, the Transfers will be made through debit to the Designated Account and the funds will be credited to the accounts that have been included in the Service. Only fixed automatic transfers and one-time transfers can be made through the Service (the same instructions apply for fixed automatic payments and one-time payments).

Interbank Transfers

This service allows you to transfer funds from other financial institutions in Puerto Rico, the United States and its territories to your accounts with Banco Popular. **This service is not available for all accounts.** The Bank will determine from time to time the accounts for which this service will be available.

2-Step Verification

The Bank offers a new option which allows you to increase the security level when accessing your accounts on Mi Banco Online. If you enable the 2-Step Verification Service, instead of answering security questions, you could receive a unique code as an authentication method for Mi Banco Online. You may also choose if you want to receive this code every time you try to log in to Mi Banco Online or if you prefer to allow the Bank to determine if the security questions should be displayed or the unique code requested.

You may choose to receive the unique code through a voice call or via text message (SMS), to the mobile phone number registered on Mi Banco Online. You can register up to two mobile phone numbers to receive the unique code, if you have more than one number.

To subscribe to the Service, you must do so on My Information section in Mi Banco Online (Web version). The 2-Step Verification Service doesn't require any specific service or product with the Bank, you just have to be enrolled in Mi Banco Online. Even though the 2-Step Verification Service is free, your mobile service provider could apply messaging or call charges.

When you subscribe to the 2-Step Verification Service, you will receive a recovery code, which you should keep in a secure place. This code will let you regain access to your Mi Banco Online account in the event where you lose access to your mobile device or any phone registered in the Service or in the event where you have no mobile service coverage. Nevertheless, it is important to know that once you use your recovery code, the 2-Step Verification Service will automatically deactivate; therefore, if you wish to keep using the Service, you should subscribe once again following the original procedure – in My Information section on Mi Banco Online (web version). In the event where you lose your access to the mobile phones registered and to your recovery code, you should visit any of our bank branches so we can deactivate the 2-Step Verification Service and you can regain access to your accounts on Mi Banco Online.

You may cancel the 2-Step Verification Service at any moment, on My Information section in Mi Banco Online (web version). If you have any doubts or questions regarding the Service, you can call our Mi Banco Support Group at 787.724.3655 or 1.888.724.3655 (United States/Virgin Island).

Retiro Móvil Terms of Service Banco Popular customers

ATM withdrawals using Retiro Móvil

These terms govern cash withdrawals at designated Banco Popular de Puerto Rico ATMs when using a mobile device that meets the requirements set out in this contract (compatible mobile device). They should be read in conjunction with the disclosures and the terms and conditions of service of your Banco Popular ATH card that is part of your Deposit Account Agreement.

Retiro Móvil allows you to withdraw cash using your mobile device and to send cash to a receiver to be withdrawn at a participating Banco Popular ATM. Both types of transactions are made through the Mi

Banco Mobile App using a compatible mobile device. ATM withdrawals using a mobile device are equivalent to a withdrawal using an ATH card.

Requirements for Banco Popular customers

The requirements you must meet to receive this service are:

1. Have a Banco Popular deposit account and be registered in Mi Banco.
2. Have an active ATH card or International ATH card with assigned PIN tied to the Banco Popular deposit account.
3. Have a compatible mobile device.
 - By providing your mobile phone number, you consent on receiving text messages or calls related to authentication.
 - To validate your identity, in the registration process you will receive a verification code to the phone number you entered and then you must enter it into the app to complete your registration. If you do not receive a code within the next 2 minutes, you can request a new code or check with cellular provider if your phone can receive and send text messages.
 - Check with your mobile operator to learn more about your text messaging plan. Any charges for data and messaging will appear on your mobile service bill or will be deducted from your prepaid plan. Remember that charges may apply depending on your mobile operator's plan for each text message received, or for wireless internet access.
 - Participating mobile operators in Puerto Rico: AT&T, Sprint, T-Mobile, Open Mobile, Claro de Puerto Rico. You must have a cellular service to receive the messages. We are not responsible for problems in the communication networks between cell phone companies and messaging.
4. Install the Mi Banco Mobile app on your device. Retiro Móvil is one of the services you can automatically access in the application. When you connect to Mi Banco app, select Retiro Móvil to begin using the service.
5. Enable Touch ID/Fingerprint to access the Mi Banco Mobile App. After activating it, there is a 72-hour waiting period to use Retir Móvil, and every time you change the fingerprint.
6. You or the receiver must make the withdrawal at the participating ATM on or before the expiration time described in the transaction authorization message. The debit will be processed to your account once the transaction is withdrawn at the ATM. If you miss authorization time, the transaction will be automatically canceled.

Terms of use

Retiro Móvil is subject to the same usage limitations and restrictions as the use of an ATH card at an ATM, including how often you can make transactions or dollar amount you can withdraw. You can find these limitations and restrictions on the ATH card disclosures included in your Deposit Account Agreement. Therefore, the withdrawals you make using Retiro Móvil are added to the total of withdrawals you make during the day with the ATH card. For example, if the daily withdrawal limit on your Banco Popular ATH card is \$500, and you withdraw \$100 by sliding or by entering your ATH card at an ATM, then you can only withdraw up to \$400 using Retiro Móvil from the same account on the same day.

Your responsibility for Banco Popular cash withdrawals using the Retiro Móvil mobile device service.

The process for handling errors and/or unauthorized transactions in your account statement related to Retiro Móvil and your responsibility for these errors and/or unauthorized transactions will be handled exactly as if it was an error and/or an unauthorized transaction related to your Banco Popular ATH card usage. Claims relating to transactions sent to non-customers should be made immediately by the customer who sent the transaction.

Service cancellation.

You may cancel the service at any time by completing the following steps:

1. Accessing Mi Banco app.
2. Clicking on the "More" section on the app menu.

ATM withdrawals using Retiro Móvil

These terms govern cash withdrawals at designated Banco Popular de Puerto Rico ATMs when using a mobile device that meets the requirements set out in this contract (compatible mobile device).

Non- Customer Requirements

The requirements for non-customers to withdraw cash sent by a Banco Popular customer are:

1. Have a compatible mobile device.
 - By providing your mobile phone number, you consent on receiving text messages or calls related to authentication.
 - To validate your identity, in the registration process you will receive a verification code to the phone number you entered and then you must enter it into the app to complete your registration.  - Check with your mobile operator to learn more about your text messaging plan. Any charges for data and messaging will appear on your mobile service bill or will be deducted from your prepaid plan. Remember that charges may apply depending on your mobile operator's plan for each text message received, or for wireless internet access.
 - Participating mobile operators in Puerto Rico: AT&T, Sprint, T-Mobile, Open Mobile, Claro de Puerto Rico. You must have a cellular service to receive the messages. We are not responsible for problems in the communication networks between cell phone companies and messaging.

3. Enable Touch ID / Fingerprint or Passcode to access your device.
4. Enter your name, last name, phone number and email and complete the application registration process.
5. Make the applicable withdrawal at the participating ATM on or before the expiration time described in the transaction authorization message. You may cancel the service at any time by completing the following steps:

1. Accessing Mi Banco app.
2. Clicking on the "More" section on the app menu.
